

From our Ranch to our Restaurant

Steamboat Springs, Colorado

The beef served at the E3 Chophouse comes straight from the family-owned E3 Ranch, located in Fort Scott, Kansas. The ranch is owned by the LaRoche family who prides themselves on raising hormone, steroid and antibiotic-free E3 Black Angus cattle and is excited to bring its healthy beef to the locals and visitors of Steamboat Springs, CO.

Nashville, Tennessee - New Location!

Opening this fall, E3 Chophouse Nashville is owned by the families of Adam LaRoche, Jason Aldean and Luke Bryan. Through their common interest in Buck Commander, which is filmed at E3 Ranch, the team became friends and ultimately shared meals at E3 Chophouse in Steamboat Springs. This led to discussions about - and ultimately plans for - an E3 Chophouse in Nashville.
