

About Caribbean Israel Leadership Coalition

Our Purpose

Caribbean Israel Leadership Coalition is an organization that partners with Israeli expertise, technology and investment to bring sustainable development for the Caribbean and engages Caribbean people in the Pro-Israel movement to counter the global rise of anti-Semitism and the Campaign to Delegitimize the Nation of Israel.

Our Vision

Is to see the region of the Caribbean accelerated in its economic development through the integration of Israeli expertise, technology and investment whilst becoming a true friend and partner with Israel as it defends itself against the agenda to Delegitimize its nationhood and people.

Our Mission

To empower Governments and the Private Sector to partner with Israeli expertise, technology, and investment to bring sustainable development for the Caribbean and be a voice for Israel in the region.

Our Strategy

CILC will host Economic Forum events in the USA, Trade and Technology Conferences in the Caribbean, Night to Honour Israel Events in the Caribbean and actively introduce Israeli technology solutions to Caribbean governments and private sector through our network of national representatives. We are a voice for Israel in the region and engage Caribbean people to create a firewall against the agenda to delegitimize the Nation of Israel

Our Strategic Objectives

The Caribbean Israel Leadership Coalition is a non-profit organization comprising of Israelis and Caribbean professionals. We hold dialogues that allows us to build projects adapted to the climate of the Caribbean region while adapting existing Israeli knowledge and technologies.

Caribbean Israel Leadership coalition refers to UNDP's strategic plan 2018-2021 and its bold optimism to help countries achieve the 2030 agenda for sustainable developments.

CILC to adopt the four priorities of the UN system in the Caribbean as works toward sustainable development in the Caribbean.

The four priorities are:

- 1. An Inclusive, Equitable, and Prosperous Caribbean**
- 2. A Healthy Caribbean**
- 3. A Cohesive, Safe, and Just Caribbean**
- 4. A Sustainable and Resilient Caribbean**

SDG "Goal 17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

Achieving the ambitious targets of the 2030 Agenda requires a revitalized and enhanced global partnership that brings together Governments, civil society, the private sector, the United Nations system and *other actors, mobilizing all available resources. Meeting implementation targets, including the raising of necessary funds, is key to realizing the Agenda, increasing support to developing countries, in particular, the least developed countries, landlocked developing countries and small island developing States, is fundamental to equitable progress for all.*"

➤ As plans are initiated to build a climate resilient Caribbean, access to technology and knowledge are key ways to offer innovation and sustainable development to the people of the Caribbean. The Caribbean Israel coalition aims to support existing policies, legislative and institutional reforms and capacity building towards the targeted agenda of 2030. Within this vein, the Caribbean Israel coalition tracks climate-smart development, and food security in the Caribbean using Israel technology, as a means of achieving the UN sustainable development goals.

What We Do

The Goal of Caribbean Israel Leadership Coalition is:

- To drive and facilitate the use of ground-breaking Israeli innovation, expertise and technology into the Caribbean

- To facilitate economic and social development for the less developed states of the Caribbean
- To boost economic growth, create jobs and livelihoods, and strengthen access to health and education towards achieving the United Nations sustainable development goals in the Caribbean

The Caribbean Israel Leadership coalition also functions as a nexus between the Caribbean community, religious organizations, elected and public officials, civil society and the private sector and works to open the lines of communication between the government and people of Israel and the government and people of the Caribbean.

The Caribbean Israel Leadership coalition enhances prospects of agriculture, green energy, solar farming, education, water sanitation, housing, and cybersecurity through innovative programs in the Caribbean using Israeli technology.

After years of experience in the field, Caribbean Israel Leadership Coalition offers a suitable solution for the people of the Caribbean to achieve the UN Sustainable Development Goals. By combining all the elements in one place, including solving the problem, cost-effective solution and by adapting the project to the needs of each area, through three pillars of development viz: Caribbean Israel Venture Inc, Caribbean Israel Center for Cyber Defense, and Caribbean Investment Initiative.
