June 2020 | Issue 2

Eight years ago I assumed the responsibility for leading a women's prayer group. For the past eight years we have met at Glad Tidings Tabernacle in Key West, Florida. The prayer and share meetings have been an inspiration to me and hopefully to the ladies as well. We have been honored to have ladies from various churches on the island participate and grow together.

During this COVID-19 Pandemic my focus has been on sharing on encouragement and the faithfulness of the Lord.

My heart rejoices when I think about the love of these women of God. They are reaching out to the hurting and offering comfort and a hand up in a time of crisis.

Shena

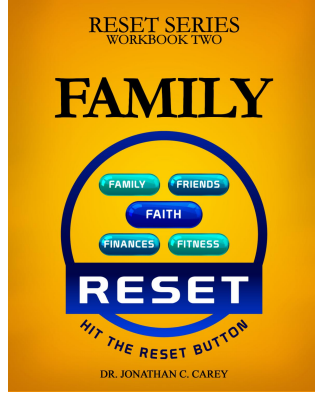

I had the honor of serving alongside eleven other chaplains in Minneapolis, Minnesota two days after the tragic death of Mr. George Floyd. My deployment with the Billy Graham RRT was for nine days.

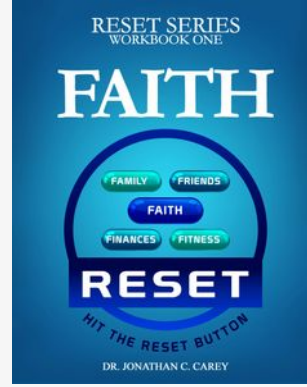

We ministered in those nine days to more than a thousand individuals and witness many make a first time commitment to Christ.

Upon my return the Sunday morning message was on **Ushering in CTC**

1. Courage to Speak in this Season: Time – Truth, Accountability, and Reconciliation
2. Transformation Starts from Within: Heart, Home, and Policies
3. Change Results from – Unified Actions – Community, and Education

PHASE ONE

THANK YOU!

Donate Here

Dear Partner:

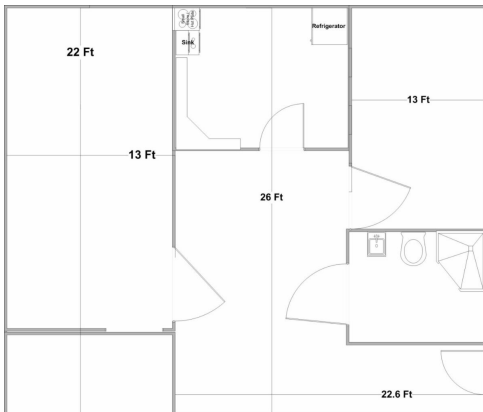

Thank you for all your prayers and support throughout the years. As you may know our ministry was deeded a facility in Nassau, Bahamas..

We are hoping to complete the first phase of repairs by September 2020. The completion of phase one will allow for an office and small training center to become operational. From the unit we will provide community counseling, and support services for disadvantaged adults and youth.

Our goal is to raise \$25,000 for the first phase. The funds and/or materials will provide for the renovation of the inside and the furnishing of the unit. Any assistance would be greatly appreciated. We are also open to short-term mission teams, and we are more than happy to answer any questions.
