

VR Proteus **PROTEUS ELITE PACKAGE**

The Proteus Elite Package is a fully featured system that gives you all the tools to inspect 6" to 24" pipelines. The system can be mounted into a van, trailer or even into the back of a pickup truck. With a vast amount of integrated technology and a wide range of accessories, the capabilities of this package are limitless!

PROTEUS ELITE PACKAGE INCLUDES:

THE PROTEUS CONTROL UNIT

Feature rich, the Proteus controller has twin integral joysticks for camera control and crawler maneuverability, and an ergonomic soft-touch keypad. User friendly multi-function hot keys allow for quick and easy control of all Proteus features.

1,640' FULLY AUTOMATIC REEL

The Proteus ACR500 is outfitted with 1,640' of high strength, Kevlar reinforced cable. Reel is fully synchronized allowing for ultra smooth, tangle free pay-out and rewinding. Also includes adjustable cable pulley guide and multi-function Bluetooth remote.

CRAWLER WITH MOTORIZED LIFT

The CRP140 crawler is a fully featured, sophisticated mid-size crawler that is perfect for pipes 6" up to 24". Includes 6 quick lock wheels and a motorized lift that can be adjusted directly from the controller. Add the optional crawler cradle to inspect pipes as large as 40".

PAN & TILT, ZOOM & LASER CAMERA

Featuring 10x optical zoom and 6 built in LED lights making it perfect for large diameter pipes or providing high quality, detailed video in mid-sized pipes. Additional features include a twin laser defect measurement system and a pipe diameter sensor.

ALSO INCLUDED
