2405.71	\$202,500.00	\$222,500

Construction will begin upon possession of the home by the buyer. The estimated duration for construction is 3 months.

INTRODUCTION

Rocky Point Residential is a 194-lot subdivision with all underground utilities and an onsite medical clinic. The development was started in 2008 at the beginning of the economic recession that stalled most development in the area. During the recession years and into the COVID pandemic, the developer continued to improve the subdivision with curbs and landscaping.

AMENITIES

Amenities to be added in the subdivision include swimming pools, a clubhouse/bar, walking trails and BBQ areas. The amenities are in the final planning stage and will be started in the near future.

ROCKY POINT MEDICAL CENTER

Rocky Medical Center provides medical care and dental care, but also luxury spa services such as massage and esthetic skin care.

LOCATION

Rocky Point Residential is located on the highway from the US-Mexico border approximately 2 miles before the entrance to Rocky Point. In real estate, the expression is location, location, location. The location of Rocky Point Residential is often referred to as, "to far out of town". We offer "the experience" over location at affordable prices.
