Rent to Own Program

Sarasota Violins Rent to Own Program is designed to make owning a high-quality instrument easy and affordable. Here's how it works:

- As low as \$20 per month
- Flexible Pricing: The monthly rental payment is based on the retail price of the instrument and the duration of the rental contract.
 - An instrument that retails for less, will rent for less
 - A longer contract will have a lower monthly payment
- Contract Options: Choose from our 3-year, 2-year, or 1-year rental programs. Choose the 1-year rental contract if you would like a shorter contract and to own the instruments sooner. Choose the longer contract for a lower monthly payment.
- Minimum Commitment: The minimum rental period is three months. After that, the instrument may be returned. Although the contract may be for one, two, or three years, you are not obligated to keep the instrument for that long. If you do not wish to own the instrument and decide to return it, you can do so after renting it for a minimum of three months.
- Ownership: At the completion of the rental contract (after renting the instrument for the entire duration of the contract), no further payments are needed and you will own the instrument.

- Instruments are covered for accidental damage. At no additional cost, all rental instruments are covered in case that something breaks. Strings are not covered, but let's say: if a peg breaks, you may bring the instrument back to the store and we will fix it for you at no cost (only a small deductible).

- Easy Returns: If you decide to return the instrument, bring it back to the store. Your deposit will be refunded, provided there is no damage.

- For parents of growing children: When your child outgrows their current instrument, simply bring it back to us. We will upgrade it to the next size up, and the amount of ownership you have accumulated will be credited towards the new instrument.

At Sarasota Violins, we believe that we have the best instrumental rental program. It starts with the great choice of violins, violas, cellos and basses that we carry. If you like an instrument but would prefer to pay in monthly installments, please inquire about the cost of renting it. The choice of the instrument is yours, and at the completion of the contract, the instrument will be yours to keep.
