Executive summary

- The journal has published 109 articles since 2018 and received 365 citations (3.35/paper on average)
- SCOPUS CiteScore=2.48
- Steady annual growth (7000-8000 new visitors every year); 46,700 unique visitors from 172 countries by the end of 2024
- The number of submissions is increasing (64 in 2024 and 43 in the first quarter of 2025). The acceptance rate is 23%.
- The only rated nanomedicine journal in SCOPUS that is not published by a commercial publisher or a university
- 49 Precision Nanomedicine Board members are on the 2023 World's Top 2% Scientists List

49 Precision Nanomedicine Board members on the 2023 World's Top 2% Scientists Lists by Lifetime Citation Numbers

For Your Information

- Altmetric has been canceled (low importance, rising costs)
- Dimensions (citation monitoring in issues) is active
- LinkedIn 1-week feedback to authors being provided
- Involvement of AEs increases with the number of submissions (pre-screening)
- Fifteen young scientists are on the Rising Talents List (will be expanded)
- An Editorial Board meeting is held at the KIIT-PRNANO meeting in India
- Clarivate (we had to reapply on May 15, 2024) – reject letter - unclear
- New Wikipedia page: https://en.wikipedia.org/wiki/Precision_Nanomedicine
- Ongoing negotiations for further co-marketing agreements with:
 - Semmelweis University Press (Hungary)
 - Indian Society for Nanomedicine

Any questions, comments?
