

AI Governance & Readiness for Local Government

A packaged service for counties, municipalities, and cities

Turn AI interest into secure, governed, measurable action.

AI should be a **work accelerator**, not a headcount reduction strategy.

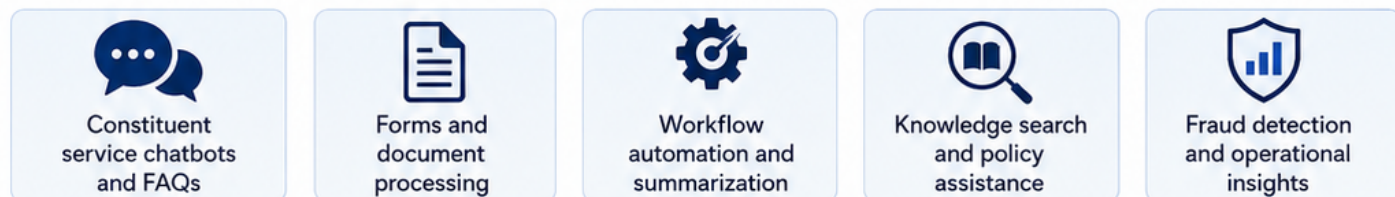

WHAT WE HELP YOU DO

- ✓ Establish AI governance policies and guiding principles
- ✓ Assess readiness across data, security, systems, and staff
- ✓ Identify high-value, low-risk use cases
- ✓ Launch controlled pilot initiatives
- ✓ Train staff and build a sustainable rollout plan

OUR 5-STEP APPROACH

COMMON GOVERNMENT USE CASES

WHY BLUEJACKET TECHNOLOGY

- ✓ Direct experience supporting local government AI readiness and governance initiatives
