

Executive Director Open Position Announcement

Overview of the Position

The Sixth Judicial District CASA Program began serving children in 1989 and serves children in Bannock, Bear Lake, Caribou, Franklin, Oneida, and Power Counties as appointed by the court. We are determined to provide a CASA volunteer for every abused and neglected child.

CASA recognizes the importance of volunteers serving children in our communities. Guardians ad Litem (GALs), also known as Court Appointed Special Advocates (CASA), provide community volunteer advocacy for abused and neglected children pursuant to Idaho statute. After a thorough investigation, the GAL volunteer prepares a report outlining the history of the case, the services that are available for the child and family, and ultimately, makes a recommendation about what is in the best interests of the child. Our judges use this and other information to make an informed decision and create better outcomes for abused and/or neglected children across Idaho.

The Board of Directors and Staff of the Sixth Judicial District CASA Program are committed to providing our children and families with high standards of professionalism, both in the courtroom and with the services we provide. We are proud of the work we do and continually strive for improvement.
