**Upland Extenders-  
where your digital life  
meets the great  
outdoors.....**

### Enhance Your Campground Connectivity with Top-Tier Wi-Fi Extenders!

#### Upland Ultra Pro-Connect

- **Durability:** Engineered for variable weather, ideal for outdoor use in RV campgrounds.
- **Key Features:** Offers dual Wi-Fi and 4G LTE capabilities designed for continuous connectivity.
- **Benefits:** Extends Wi-Fi reach, for children's entertainment, educational needs, and community activities.

#### Upland Camp Pro-Connect

- **Durability:** Reliable in various outdoor conditions.
- **Key Features:** Includes a router/repeater combo with an outdoor antenna for superior signal strength over large areas.
- **Benefits:** Boosts internet speed for seamless video streaming and Zoom meetings, which is critical for remote work.

#### Upland Basic Extender Outdoor RV & Marine

- **Durability:** IP65 certified, dust-tight, and water-resistant, perfect for outdoor environments.
- **Key Features:** High power USB Wi-Fi extender antenna, specially designed for harsh conditions.
- **Benefits:** Provides robust Wi-Fi to remote areas, supporting work-related needs and virtual meetings without interruption.
