Core Capabilities.

Tosidoh's principal possess over 100+ years of combined work experiences in power & energy, mining, real estate, transportation, agriculture, food, education, banking, law, natural resources, utilities, non-profit, oil & gas, casino, hotel, and A/E services.

Tosidoh provides an extensive focus-driven brand of skills and services into a unified workflow ranging from the initial concept, development, though commercialization. With a proven track record, Tosidoh identifies the best path to success for each client. The work we take on, is the work we believe in.

What Sets Us Apart.

Tosidoh strives to leapfrog the decades of tribal immobility and to be in the forefront of innovation. Tosidoh commits to each client with professional consulting services that are appropriate, innovative, and affordable. Tosidoh aims for client satisfaction by getting ahead of the competition with our team of experts and pioneers. Tosidoh believes in using leading innovative techniques, best practices, and the highest degree of standard and ethics. Tosidoh superior processes offers a rewarding experience for our clients and ensures the highest measure in satisfaction.

Experiences.

Tosidoh’s principals have worked on the project development / EPC of 4,100 MW of power generation facilities, raised over \$500 million in capital funds, facilitated over \$1.5 billion of M&A’s, deployed policy & funding to over 50 Tribes and Villages, negotiated over \$3 billion in security revenues for Tribes, and currently developing new companies with an estimated aggregate value of \$1.5 billion.
