

POST SHOW HIGHLIGHTS

As we conclude the ground-breaking Digital Transformation World Series 2020 - the largest gathering of members in our history, and the biggest digital telco event of the year - I want to say a special thank you to you, our speakers.

As a speaker, you brought this ground-breaking digital series to life, delivering exceptional content to a truly global audience - content that sparked new ideas, started conversations, and inspired change.

With over 8,000 live attendees from 156 countries, your messages were available to a truly global audience, more than 80% of whom came from 400 leading CSP companies. Across six weeks and 120 live sessions, we covered six themes addressing some of the most pressing challenges for our industry.

The knowledge you shared will drive progress and collaboration in our industry for the months and years ahead.

Thank you for your contribution.
