

5.2. Stage 2: Strong Marketing Program

In parallel with the release of the Anomaly coin, We will promote it in the mass media. With a smart marketing plan, combined with KOLs, Social Networks, Anomaly coin will become famous in the market. The Anomaly coin will also appear on David C. Williams shows. In addition, we also create a community of Anomaly coin owners so that users can exchange, buy and sell and find information more conveniently.

We already have a network of partners to join our program. They include more than 50 major brands worldwide, thousands of people have attended the courses of David C. Williams and his business friends.

5.3. Stage 3: Pushing value high

As mentioned in the potential value section, Following the issuance of an Anomaly coin is a series of potential business plans where the Anomaly coin will be an exchange tool or used as an auction item and gift. These activities are associated with the name of David C. Williams - an excellent businessman. Through our buy and sell campaigns investment programs, the value of Anomaly coin will far exceed the original number, up to 55-75% within 3-6 months. This is why you should find and own an Anomaly coin. It is a bargain with great value.

5.4. Stage 4: Consolidate the community of holders and developers

We understand the core value of a cryptocurrency is a strong community of owners. Therefore, the strategy of developing the community of holders and developers is a top priority.

We are developing a network so that Anomaly coin holders around the world can connect with each other. From there, within the community, powerful activities will be implemented to increase the value of the Anomaly coin. In addition to using social networking tools, the community of Anomaly coin holders also has its own forum. The connection with retail brands consumer goods industry to promote the ability to pay with Anomaly coin will also be promoted.
