Helping During COVID-19

We are blessed with healthy animals, robust, nutrient-rich soils...and perhaps now more than ever, we are feeling a great responsibility to reach and nourish families across Alberta.

Farmers are positioned to be helpers, and that is exactly what we will do—help. We have taken steps to ensure all food items are being delivered safely and on time.

Thank you for trusting us for your food needs during this time.

With much gratitude, The EAT Food for Life Canada Families
