

Introduction:

MJK Exports was founded in 1994, and originally supplied simple metal artware items. Over time, our capabilities grew and today we offer the extensive metal nameplates, hardware and lighting components manufacturing.

Some of our capabilities include: Laser cutting & engraving with serializing and UID bar-coding, etch and fill, CNC turning and machining including 4th axis machining. All our polishing and electroplating are also done in-house.

To ensure prompt processing and delivery, we maintain extensive inventories of metals and plastics used for custom nameplate and hardware items.

Our 25+ years of experience producing metalware allows us to be the ideal supplier for any industrial, commercial application, and our processes and strict adherence to customer specifications, ensures that we produce the most durable custom metal nameplates and hardware available in the industry

Services include concept drawings to prototyping, no quantity is too big or small. We love to do challenging jobs!

CAD designs for prototyping and production.

We are open to sign Non-Disclosure & Confidentiality Agreements.

Always ready to work on providing brighter ideas and better solutions for your projects.

Striving to implement lean manufacturing principles in order to enhance efficiency and reduce costs.

We keep our ethics high and fulfill our obligations towards our staff, society, our nation and most important the future generation.
