**We are expert in custom manufacturing for:**

- Architectural Hardware
- Furniture Hardware
- Branding Solutions

**We specialize in custom engineering and mass manufacturing your products against CAD drawings and samples at highly competitive prices while maintaining the quality standards expected from multinational industry leaders.**

MJK is an OEM Manufacturer of Architectural Hardware capable of manufacturing and supplying door and window hardware suitable for both residential and commercial installs.

We mass manufacture your brass, aluminium and steel products for you against CAD drawings and samples. We specialise in providing cost effective, high quality OEM manufacturing solutions for your brand.

When it comes to window and door hardware manufacturers in India, MJK is the supplier of choice for several leading architectural brands. MJK has the knowledge and skills to meet the needs of your project regardless of design, finish or process.

Because MJK uses only high quality materials and provide high quality finishes, coupled with our careful attention given towards detail, MJK is the preferred choice for innovative and cutting edge designers looking to outsource their production.

Browse our recent works or reach us via email or phone to get the dialogue started for manufacturing your product range today.
