

Block of the Month 2025

The WAQG Block of the Month begins in March 2025. Two blocks will be released each month from March through August for a total of 12 blocks. Each block will be 12 inches square- finished, and there will be one 12-inch filler block. Participants can use their choice of fabrics and will keep their own blocks for personal use.

There will be a Block of the Month Quilt Challenge category in the 2026 quilt show. The guidelines for the Block of the Month quilts for the show are as follows:

1. The finished quilt size should be 48 X 60 minimum.
2. Use a selection of the blocks OR use one block exclusively.
3. A 12-inch filler block is offered but cannot be used in the one-block design.
4. Blocks may be set as desired, but must all be 12 inches finished.
5. The design of sashing and borders is optional.
6. This is designed to be a scrappy quilt. If you want backgrounds and sashing to match, a minimum of 3 yards fabric is recommended for the project.
7. The Deadline for the finished quilts is March 4, 2026.
