The **DingleDorfs** are animated baseball caps that came to life from spools of tread left in a ball cap manufacturers dumpster by an alien spaceship. They have names to include Strike, Yokie, Nutsy, Finder, Jewel. They are hilarious, playful, curious & lovable, annoying, nonsense creatures. Instead of using hard core violence to fight their enemies, they challenge then in sports games. They are always getting into trouble when trying to solve mysteries. They are slapstick funny, think of the Three Stooges or Marx Brothers as animated baseball caps unintentionally pestering society.

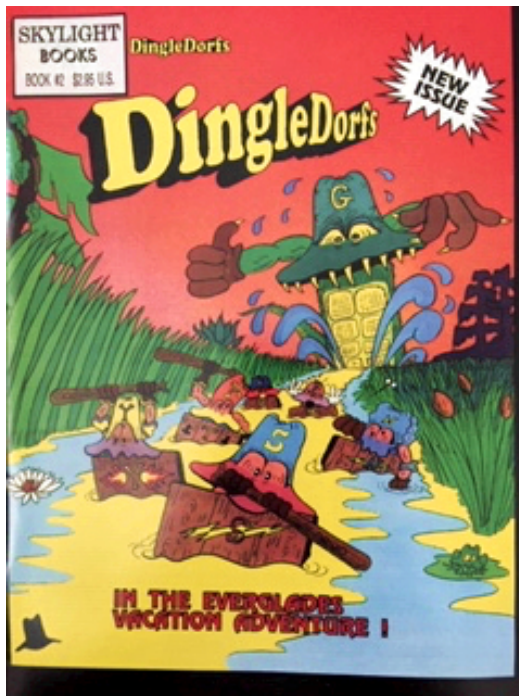

## Three books have been written featuring the DingleDorf adventures.

1. - "The Mysterious Menacing Meteor" An outer space visitor disrupts their baseball game!

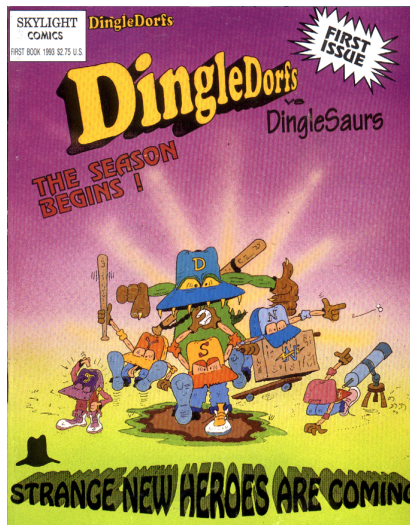

2. - "The Everglades Adventure" The Dingledorfs battle the Dinglegators over the rights of the Everglades.

3. – “ The DingleDorfs battle the DingleSaurS in a fierce baseball game

Below is a brief description of the DingleDorfs. Keep in mind that in the comic strips, I usually to use 1 to 3 DingleDorfs at any given time. Any combination of DingleDorfs can be used to illustrate a gag, though I tend to use STRIKE, YOKIE or NUTSY most of the time. Think of the DingleDorfs as the STOOGES of the cartoon world and all of them have some nonsensical characteristic.

- 1) The main character of the DingleDorfs is STRIKE ! He is very conscience of his abilities which tend to waffle his performance. His name can have positive or negative attributes. He can Strike out at bat or pitch a Strike toward a batter! STRIKE smiles a lot and misinterprets situations. He recently got on a wrong bus to Little Hat, Arkansas.

- 2) YOKIE is STRIKE,s best friend and has a lot of confidence. He keeps on talking and STRIKE sometimes listens to him too much. He contradicts STRIKE in many situations and is very athletic. He was born in Hatfield, Mass.

- 3) NUTSY is the weird one. He is a tiny bit crazy, yet he builds anything he needs and is inventive. He is scruffier looking than the others and is stalked by a fly! He is notorious for horsing around and playing tricks on the others.

- 4) TWEET doesn't say much, in fact he has some disabilities with speech and coordination. But he channels his talents through music, attitudes and coming up with sometimes good ideas. He spends a lot of time in ManHatten!

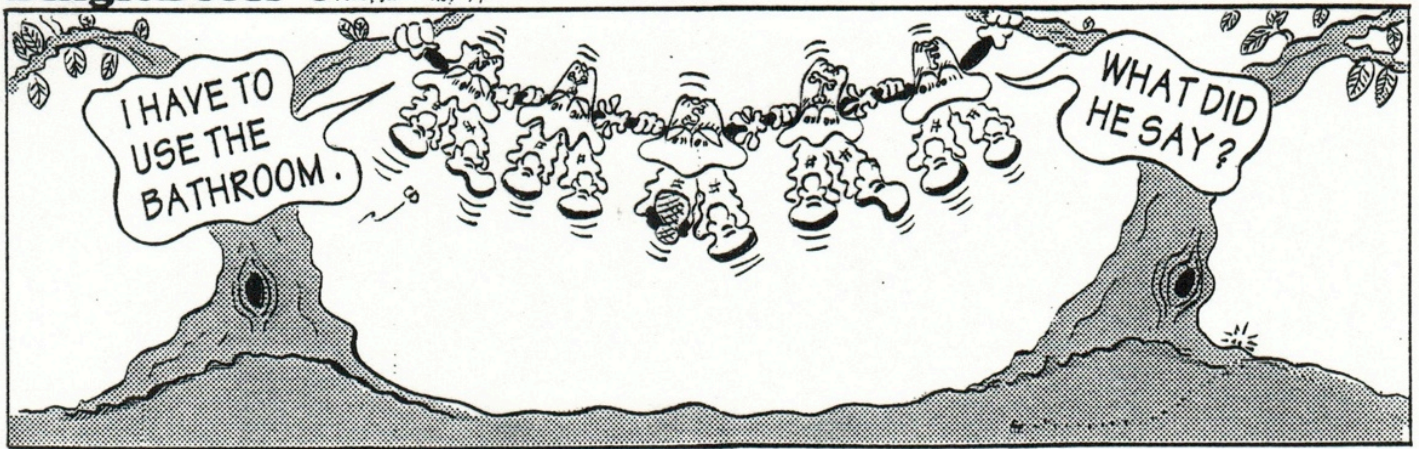

- 5) JEWEL is the feminine one (a girl), who is neat and wears jewelry. Her favorite words are "JEEPERS" and "JEEBIES". She has some Tom Boy characteristics that stun the others.

- 6) FINDER is the investigator,the scientist and the astronomer. He recently discovered a comet fragment heading for earth. He likes to try solve problems (business and scientific).
