Good afternoon Tristan,

As requested, please find attached the latest revision of for the alignment of the EWA Extension from Woodland Drive to Midland Acres. The revised alignment differs from the published alignment Environmental Impact Study Environmental Statement; as requested by the Ministry, the road corridor now bisects the National Trust land parcel Block 36A Parcel 6.

Revised gazette instructions will be sent to L&S Department by Friday January 23rd at the latest (I just have to re-verify areas of take).

Kind regards,

Denis Thibeault
