

PS Industries

Excellence in Plastic Component Manufacturing

Introduction

Truly Made in India

- Established in 2021, PS Industries specializes in premium plastic components for Consumer Durables, Electronics, and Automotive sectors.
- Mission: Deliver authentic products with top-tier quality and innovation.

Vision & Core Values

- Vision: Set benchmarks by standardizing systems, improving productivity, and ensuring a safe workplace.
- Core Values:
 - Authenticity in manufacturing
 - Ethical & sustainable operations
 - Pursuit of excellence

AUTOMOBILE INDUSTRIES

The automotive sector is versatile, and the industry is growing rapidly. Our approach: Cost-efficient system solutions for flexible and fully automated smart production lines.

APPLIANCE INDUSTRIES

The consumer goods market is the mass market for plastic products par excellence and is more competitive than any other. Standard applications in production - albeit with sometimes high-quality requirements.

CONSUMER ELECTRONICS INDUSTRIES

Our state-of-the-art facility is equipped with the latest technology and machinery to deliver precision parts at a competitive price. New slim designs, new surfaces and innovative functions and short product cycles requires competitive solutions.

LUGGAGE INDUSTRIES

Discover a wide selection of durable luggage designed to make everyday life easier and travel more convenient. From smart storage solutions to travel-ready suitcases, this collection combines functionality with style.

FAN INDUSTRIES

Fan Industries offers high-performance air circulation solutions for residential, commercial, and industrial use. Engineered for efficiency and durability, these fans deliver powerful airflow while maintaining energy savings and low noise levels.

HOUSEHOLD INDUSTRIES

Household Industries focus on manufacturing and supplying a wide range of essential home products that enhance comfort, convenience, and functionality in daily life. From kitchenware to cleaning tools, these items are designed to meet modern household needs with quality and innovation.

Industries Served

Expertise in complex geometries and precision finishes.

- Automotive Industry –Two and Four Wheelers Parts
- Consumer Durable –AC, Fridge, Washing Machine
- Electrical Appliances, Exhaust Fans, Air Coolers
- Household Items and Luggage
