

Dance Hues Studio, STAMPP Company Information & Participation

Please complete registration online via our registration portal.

This is only a snippet of information, a more detailed handbook and contract will be emailed to parent & student after online registration has been completed.

Mission: Our team name stems from our team slogan, Shine Through Adversity Move Past Prejudice. At Dance Hues Studio, we are committed to creating a dance environment and community that is encouraging and supportive. We put emphasis on self-expression, team bonding, and relationship building. We believe in providing equal performance and competition opportunities to every dancer who is interested. Our staff at Dance Hues Studio are qualified and experienced in teaching and developing each dancer, even beginner/ novice dancers, to prepare them for dance after high school. Our focus is in artistic expression, self-discipline, technical refinement, and challenging and engaging choreography. Our competition and performance company is for dancers who are serious about their commitment to dance.

STAMPP Company

Our company is currently broken into 6 levels that are based on many factors including age, experience, ability, and individual style and strengths. We want to remind you that just because a student does not make it into one of the higher levels, does not mean they don't have certain skills or strengths, it may also have to do with how well matched other dancers are, as well as the rate of improvement of higher levels, and it does not mean that the dancer is not improving at an acceptable rate. Typically, companies evolve and develop together, so more often than not, companies stay together for a few years, until the dancers have aged out or improved enough to move to the next level. It is not a bad thing to be on the same level for three years. If we see fit, we may add another level at the results of the auditions to best challenge every dancer. We also may merge or cut levels as our minimum number of dancers per level/ company is 5 dancers. The companies as of now, are as follows:

Daisy Company
5-7

Poppy Company
7-9
recommendation/ placement

Lily Company
8-10

Iris Company
9-11
recommendation/ placement

Lilac Company
12-18

Rose Company
recommendation / placement ONLY

Sunflower Company
recommendation / placement ONLY
