

Dear Families, Businesses and People of Good Will:

Please consider supporting the important work the Shevlin Family Foundation provides in our community. This year marks our 6th year serving those affected by addiction. Our Gala & Fundraiser directly supports our scholarship program which provides food, housing, transportation, legal advocacy, family support and other practical items for those just completing addiction treatment who are financially vulnerable.

Our primary concern is the person in early recovery – but our work assists treatment centers (and their case managers) as well as recovery homes (owner/operators) who provide safe, sober and structured recovery communities for those we serve. We also: help families navigate the treatment system, organize outreaches to the homeless, addicted populations in our area, and run a sober living program for men in long term recovery in Chester, PA (where our offices are located).

We are a public charity, relying on private donors and business partners to fund our work. You can make a difference in the lives of those striving to heal from addiction. Please see unique sponsorship opportunities on the next page and thank you, in advance, for your generous support!

- Christine Shevlin Rizzo, Executive Director
The Peggie and Paul Shevlin Family Foundation
501(c)(3) tax-exempt charitable organization (#47-5334145)
