Pet Waste in the Commons

As new surrounding neighborhoods enjoy our Village, we are seeing more and more unwanted pet waste. Please set an example by cleaning up after your pet! Look for a dog sanitation station coming soon in the Village.

New Website Page!

We have created a new **Community Corner** tab on our Website to post:

- Services or goods provided by Tillicum Village residents or nearby neighbors
- Special interest stories about Tillicum Village

Check it out!

Reduce Paper

Do you still get your monthly invoice and this newsletter on paper in the mail? We are trying to reduce paper usage and postage costs. If you'd like to help, please opt in by sending an email to Lee Montgomery at HOA Management and provide your email address.

Meeting ID: 85375319330
Passcode: 627013

March

March 2nd is Dr Seuss's Birthday! Celebrate by reading to a child!

March 14th is national potato Chip Day (my personal favorite)! It is also Daylight savings Day! Set your clocks!

Don't forget to wear your lucky green on March 17th!

February 11th Board Meeting Summary

The meeting was called to order at 6:34 PM via Zoom video conference. Board Members in attendance were Dirk Benson, Ralph Fox, Deidre Crabtree, Dan Ellis, Debbie Martorano, Corry Meyer Donna Karl, and Frank Ammirata.

There was no Firewise report this month. The balance sheet was reviewed, expenses approved. Log into the Member Login section of the website to review all financial documents.

Central Oregon Landscaping and Lawntenders (COLL, Inc) has started the commons clean up!

Mail boxes and street signs will get a makeover this Spring. Keep an eye out for a new Dog sanitation station and signs reminding folks to clean up after their pets. Also, the Board is revisiting the East Pond and will submit several designs to choose from this year.

Stay tuned for a "Community Corner" addition to our Website for homeowners to collaborate.

We have 1 new neighbor that has moved into the Village, please help us welcome them! The Board reviewed a request from one homeowner for landscaping and a pergola/patio. Meeting Adjourned 8:39 PM

Every year, wildfires burn across the U.S., and more and more people are living where wildfires are a real risk. But by working together, residents can make their own property — and their neighborhood — much safer from wildfire.

Action Items to Improve Your Home's Survivability:

- **REMOVE** leaves, pine needles, and other flammable material from the roof, gutters, and on and under the deck to help prevent embers from igniting your home.
- **SCREEN** areas below decks and porches with 1/8" wire mesh to help prevent material from accumulating underneath.
- **COVER** exterior attic and soffit vents with 1/8" wire mesh to help prevent sparks from entering your home.
- **ENCLOSE** eaves to help prevent ember entry.
- **INSPECT** shingles or roof tiles. **REPLACE** missing shingles or tiles. **COVER** ends of tiles with bird stops or cement to help prevent ember penetration during a wildfire.

Tips for Landscaping Around Your Home

- **REMOVE** dead vegetation and other flammable materials, especially within the first 5 feet of the home.
- **KEEP** your lawn hydrated and maintained. If it is brown, cut it down to help reduce fire intensity.
- **PRUNE** tree limbs so the lowest branches are 6 to 10 feet above the ground to help reduce the chance of fire getting into the crowns of the trees.
- **MOVE** construction material, trash, and woodpiles at least 30 feet away from the home and other outbuildings.
- **DISPOSE** of branches, weeds, leaves, pine needles, and grass clippings that you have cut to reduce fuel for fire.

YOU CAN MAKE A DIFFERENCE!

Increase your wildfire safety. Make simple low-cost changes to your home and landscape starting today.
