VaccinateBandera.org was born as an initiative to protect our most precious citizens of Bandera County, you readers. Art Crawford saw a need in his Community - the lack of access to Covid-19 vaccines even as they’re free and widely available - and an opportunity to fulfill it. Well, you all know what happens when Art Crawford sees a problem and nobody else offering any solutions. He applied for Round 1 of the Texas Vaccine Outreach and Education Grant and went right to work building our team.

From November 23, 2021, to February 28, 2022, VaccinateBandera.org provided access to 46 Primary doses and 258 Booster doses. Our educational campaigns have reached approximately 2,500 people.

In our months of working with other service organizations in Bandera County, we have recognized more gaps in our Residents’ access to affordable Healthcare and to Services they need and deserve. We are proud to collaborate with Bandera County and City governments, Emergency Services, and nonprofits to help fill these gaps and make Healthcare generally more accessible here.

Some of our Partners and Projects are described below:

SA Food Bank & AACOG have served Bandera County for years and are looking to expand their outreach here with an initiative, dubbed “Secure Bandera,” focused on Food, Employment, Housing, and Education. To assess the county’s needs, officials from SA Food Bank and AACOG met on March 4, 2022, with County, City and ISD officials and other Community leaders to identify and discuss areas of opportunity. There are many but connecting them all is the lack of a central place for people to go when they need help but don’t know where to start. Bandera County residents need a user-friendly system for easily finding and accessing all help that is available to them. The Secure Bandera initiative has resources to offer that can help facilitate just such a system. More to come on Secure Bandera….

The Wesley Nurse program is Methodist Healthcare Ministries of South Texas, Inc.’s largest geographic outreach program. Bandera County’s Wesley Nurse, Aida Minnlick, is based in Lakehills United Methodist Church (LUMC) and is a member of VaccinateBandera.org’s Advisory Board. Together with LUMC, Hill County Daily Bread, and the TX National Guard’s Mobile Vaccine Unit, we’ve hosted drive-thru vaccine clinics and food distributions for Lakehills area residents.

CentroMed is a nonprofit primary care clinic providing accessible services, and their subsidiary EnrollSA is a coalition of healthcare, faith-based & community organizations with the sole goal to increase enrollment into health insurance in San Antonio and surrounding communities. We co-host many educational events and work together to connect residents to affordable Healthcare and Covid-19 vaccines.

Un Nuevo Amanecer / New Day Church (UNA) in Pipe Creek serves their community in many ways, including teaching English as a Second Language (ESL), helping immigrants with citizenship paperwork, and maintaining a free Closet and Pantry for new immigrants and anyone in the community with a need. UNA has partnered with VaccinateBandera.org to bring Covid-19 vaccines to the Hispanic Community and to connect them with access to Healthcare.

It didn’t take long to realize that the growing Bandera County Hispanic population is also being neglected. We have applied for Round 2 of the Texas Vaccine Outreach and Education Grant, which would be a separate, one-year project focused on reaching Communities of Color and Youth (5-11). More on Round 2 to come….

Silver Sage Presents
Cowboy Capital Opry

April 5th, Ricky Adams & the Silver Sage House Band

(1)
I try to highlight fun days each month for this column. But here we are in April and the first two images coming to mind are taxes and rain. “April showers . . . la-la-la-la” and the annual arrival of April 15th – income tax day. Not much to celebrate with either one even if April showers bring us May flowers.

Easter Sunday shows up this year on April 17th (unless you’re Eastern Orthodox which observes Easter on April 24th), so that’s cause for rejoicing and eating chocolate and buying Easter lilies. The date of this Christian “moveable feast” is determined by the first full moon after the Spring Equinox, March 20th in 2022. For trivia buffs – Easter is aways on a Sunday, March 22nd to April 25th, and from 1600 to 2099 it most often falls on March 31st or April 16th. I guess you’d have to be a statistical mathematician steeped in the theory of randomness to explore that one further!

My search for fun days in April led me to the source of all knowledge – Google. A veritable embarrassment of celebratory days in April (and all eleven other months) came up, or as one source put it, “Every excuse to celebrate! Because every day should be a celebration!” Alrighty then.

How could I have forgotten April Fool’s Day on the 1st? Most of us give up pranking somewhere around 7th grade, although there are those wags who never get too old to take pleasure in making the rest of us look and feel ridiculous. Turns out April Fool’s Day is just the beginning, literally and figuratively, of observances in April. The 1st is also Fun At Work Day. Maybe because you’re making sport of fellow workers with Fool’s Day pranks?

April 2nd starts off with noble intent as World Autism Awareness Day, then takes a mundane, albeit tasty dip into National Peanut Butter and Jelly Day. The 3rd is National Chocolate Mousse Day, the 4th is International Carrot Day, The 5th is National Deep Dish Pizza Day, and the 6th and 7th are New Beer’s Eve and National Beer Day respectively. Beer does go well with pizza.

It gets confusing with the overlapping and some frankly awkward pairings. There’s even a National Awkward Moments Day. For example, the 17th is both Easter and National Cheese Ball Day raising the image of a rather untraditional Easter basket. The 18th is National Velociraptor Day and Animal Cracker Day. Terrifying, carnivorous raptor cookies anyone? The 24th honors National Pet Parents’ Day along with National Pigs In A Blanket Day. Please don’t observe those two celebrations in front of your pet potbellied pig!

So where do all these haphazard days of importance come from? Who does the official recognizing and why?

To be truly official it literally takes an act of Congress – or a declaration of the President of The United States. However, if you’re determined to promote a day, for a fee of $2300-$4500 as of 2019, and if you can get approved over approximately 20,000 other annual requests, you might land a coveted spot on the unofficial National Day Calendar, an entrepreneurial run business headquartered in North Dakota. And why? Benefits include “... increase in product sales, market visibility, social media engagement, fundraising opportunities for non-profits...” according to the folks at the National Calendar. In other words – money.

But before my natural cynicism took over, I discovered May is Senior Citizens Month - a whole month! I can get behind that one. So rest up. We have a whole month coming up to celebrate and promote, support and bring awareness to our amazing Silver Sage. If you haven’t already, check out the classes & activities available and join or volunteer. If you have a day or two a week, consider becoming a MOW driver. The need is great and the rewards are many.

There truly are limitless ways to celebrate every day, especially at the Silver Sage.

Happy April, Happy Spring, Blessed Easter, and see you in May!
What do you call a rabbit with fleas? Bugs Bunny.

What did the Easter Bunny say to the carrot? Nice gnawing you.

What is Easter Bunny’s favorite kind of music? Hip-hop!

What do you get if you give an Easter Bunny a pair of socks? A sock hop!

How does an Easter Bunny keep his fur looking so good? Hare spray.

What’s the Easter Bunny’s favorite restaurant? IHOP.

Why was the Easter Bunny so sad? He was having a bad hare day.

How does the Easter Bunny stay in shape? He eggs-ercises.

How does the Easter Bunny travel? By hare-plane.

What’s the Easter Bunny’s favorite sport? Basket-ball.

What kind of rabbit tells jokes? A funny bunny.

What do you call a very tired Easter egg? Eggs-austed.

What do you call a mischievous egg? A practical yolk-er.

What happens if you tell a joke to an Easter egg? It cracks up.

What did the Easter egg ask for at the hair salon? A new dye-job.

Why did the Easter egg hide? It was a little chicken.

HEY, WHAT’S GOING ON?
By Lisa Crawford (Activities Director)
Here’s What’s Happening in April!
It looks like spring is here! I for one am so ready! We have a fabulous line-up of activities planned. Come join us soon!

Tuesday, April 5th at 12:00, we will have /Jessica Faubion & Denise here from AgriLife to talk about NUTRITION and on Wednesday, April 13th at 12:30, Dakota Kempkin (also from AgriLife) will speak on WATER CONSERVATION. Please plan to join us for lunch and these two educational speakers.

The Cowboy Capital Opry will be on April 5th and the special guest this month will be Ricky Adams with the Almost Patsy Cline trio along with Gerald Payne and Mark Wright to complete the house band. Ricky is a well-known local artist and it’s sure to be a superb show. *You may or may not know that we only take reservations for the Opry now if you are paying in advance for 6 months or a year at a time. Otherwise, please plan to pay at the door and seating will be first come, first serve. If you have not been paying in advance but have been finding your name on a reserved seat, please know that will no longer be the case*

The Silver Sage House Concert in April will feature Dave Kemp. You probably know Dave from the Almost Patsy Cline Band, but did you also know that he is a phenomenal songwriter as well? We are thrilled to feature Dave and his original songs this month. Make plans to join us on Thursday, April 14th at 7 p.m.

Thursday, April 7th be our bus trip to HEB in Kerrville and Monday April 18th is the trip to Walmart in Hondo. Both trips leave the center at 12:30 p.m. so come early if you plan to join us for lunch at the center on those days.

We have a couple of notable changes in April for the line dancing and two-step classes. Since we are closed on Friday, April 15th for Good Friday, those two classes will be held Wednesday, April 13th. The second thing is that we have had numerous people asking us to do an evening Line Dance and Two-Step class, so on Friday, April 29th, from 6 p.m. to 8 p.m. we will hold our first evening classes. One after the other. Clifton Fifer will still be the instructor, so it will be just as much fun as ever. *If these dance classes are well attended we are considering a continued evening class on a permanent basis.

Our special bus outing this month will be to the Alamo Springs Café in Fredericksburg, which is well known for their burgers, but they do have other delicious options. From there we will head out to the Wild Seed Farms in Fredericksburg. We will leave the center at 11 a.m. since it is a bit of a drive on a scenic back road to get to the café. I am hopeful we will see wildflowers, but it’s never a guarantee. You can look up the Alamo Springs Cafe menu online at alamospringscafetx.com

I am looking forward to seeing you here and there and everywhere in April, but mostly at the Silver Sage.
Do you have walkers, wheel chairs, shower chairs, commode chair, canes, etc. that you don’t use/need?

Please consider donating them to the Silver Sage.

Diabetes management can be as easy as A-B-C!

A: A1C Levels
A1C is a measure of your average blood sugar over 2-3 months.
Reducing A1C by just one percent (from 8% to 7%) reduces the risk of eye, kidney, and nerve damage by 35 percent! 7% is the goal but talk to your doctor for your plan.

B: Blood Pressure
Blood pressure is the force of your blood against the walls of your arteries.
Keep your blood pressure at or below 140/80 for optimal diabetes health!

C: Cholesterol
According to the National Heart, Lung, and Blood Institute, “the higher your blood cholesterol level, the greater your risk for developing heart disease or having a heart attack.”
Check your cholesterol at least once per year.

Tips to Stay Healthy
- Lose 5-10% of your body weight if you are overweight. Be sure to consult with your doctor and approach the weight loss gradually.
- Limit or avoid foods that are high in fat, sugar, and white flour. Eat more whole grains, fruits, & veggies.
- Gradually increase the amount of physical activity that you do each day until you reach 30-60 minutes of continuous activity. Exercise can help decrease insulin resistance.
- Manage stress by identifying home, work, or social stressors and talking with someone about them.
- Test your blood glucose regularly and log daily highs and lows.
- Limit sodium to 1,500 mg of sodium per day. Most sodium comes from packaged foods and restaurant meals.

Sweatin’ for the Oldies
By Mikie Baker

I always thought YouTube was just a bunch of ancient music videos until My Future Husband taught me differently. One day I bounded into the house and there he was having a bromance with a guy on YouTube who was explaining how to replace the alternator on a 1954 Ford Tractor. And yes, it was even duller than it sounds. Old Bee Gees music videos would have been more exciting.

He kept watching YouTube for all his repair needs, so one day I decided I’d bite. I watched one YouTube show on how to grow orchids and mine promptly died. I also watched one on how to start seeds with paper towels and a mister bottle until I realized it was for third graders. After that, I kinda gave up. Except for the time both of us watched with rapture How to Make Sourdough Bread for Beginners. We did great. We produced a sourdough doorstop. I quit YouTube.

But laying around through the winter, still pandemic eating and drinking, had gotten me to thinking it was probably time to quit being a couch potato and get my groove on. Without the Bee Gees.

I figured they had exercise videos on YouTube. And boy do they, for anyone who’s under 30, thin and already in great shape. I pondered if they had any exercise videos for old people. None of us is brave enough to take on a Peloton. And if you are over 70 and can still do that, go away.

Being a smart (eat-too-many) cookie, I perused yoga videos, tai chi, and stretching. All of them hurt my back, my knees and my pride.

I decided to lower my standards and go for something I knew would be safe – Richard Simmons and Sweatin’ to the Oldies. By the way, did you know his real name is Milton Teagle Simmons? He really does look like a Milton, you know. Anyway, they had his video, so I gave it a try. After 4.37 minutes, I had to lay down.

I was exhausted.

I hate to say that Milton beat me, but he did. And I was pretty sure I’d hit rock bottom on exercise for old people, so I’ve come up with a great idea. I’d like someone to start an AARP YouTube channel filled with these kinds of exercise videos:

**AARP Gardening: Hoeing Exercise**

I figure they can have different versions: Beginner, small weeds; Medium for hoeing 5 minutes straight, Hard thistle hoeing for 7 minutes, and when you’re really fit you can take on How to Use a Scythe for Texas weeds.

**AARP Yoga**

Simple yoga poses for old people who can still get off the floor. Of course, they should have another one for old people that can’t get off the floor. And another called Walker Yoga.

**AARP Stretch**

This would be entitled “6 Minute Morning Stretch while Holding on to the Refrigerator Door.” I wonder if there’s a break in the middle to get a snack.

**AARP Martial Arts**

I’d like to see a video on a 5 Minute Black Belt Workout where they send you the AARP black belt from Etsy after you finish that workout. With an AARP paid subscription, of course.

And finally, my favorite of all:

**AARP Evening Stretch**

This nighttime stretch you do in bed after you’d had three glasses of wine. Of course, you must have at least a Queen-sized bed to attempt this stretch, especially if you can’t get up off the floor on your own because you’ve had a whole bottle of wine.

I don’t know. Maybe I’ll just watch Bee Gees videos and wiggle.

THE SILVER SAGE BUS PROGRAM

is intended to enrich the lives of senior citizens in our community by offering a variety of activities such as: Trips to larger grocery stores, occasional dinners, special events or sight seeing outings that our seniors might not wish to drive to on their own.

This is a program intended strictly for senior citizens. Children will not be permitted on the bus for a variety of reasons including liability, as well as comfort and safety considerations for our seniors. Adults under the age of 60 are welcome as long as they are not taking a seat from a senior. Our seniors are our priority.

At 9:30am on Tuesdays
Ida will be teaching a comprehensive, balanced, traditional style of yoga class with each session starting with a centering breath, meditation, flowing sun salutations, relaxation between poses, and guided instruction throughout. As everyone becomes comfortable with the work, new exercises and poses are introduced and others will be held longer to deepen the experience.

Stretch and Strengthen with Ida will follow at 10:30am and is a therapeutic movement class, adapted from various styles and approaches to movement as a rehabilitative, healing, and transformational experience. It is particularly effective for people of all ages and those recovering from, or living with injury or illness. $8 per class.

SILVER SAGE & SAN ANTONIO FOOD BANK DISTRIBUTION

**WEATHER PERMITTING**

MONDAY APRIL 11TH, 10AM-12PM
LAKEHILLS COMMUNITY CENTER

WEDNESDAY APRIL 27TH  10AM-12PM
LAKE MEDINA SHORES (THE POOL)

It has been two years since The Silver Sage partnered with The San Antonio Food Bank to bring monthly food distributions to Bandera County residents at Mansfield Park. In those two years over 700,000 pounds of food have been distributed to those in need. This partnership would not have been possible without the help of Bandera County Judge Richard Evans and all the County Commissioners. This work has been long, hard, and sometimes exhausting. The Silver Sage could have never accomplished this alone. We would like to thank each and every volunteer that worked tirelessly in the heat and the cold to make these distributions possible. Arthur Nagel Clinic, Helping Hands, Boys and Girls Club, Lions Club, Democrat Club, Warriors Heart, and many other organizations including local churches were a big part of the effort to get the food to the people. A giant thank you to Heather and Steve Jones for always coordinating and leading the volunteers. Last, but not least, we would like to acknowledge the Bandera County Sheriff’s Department for always being on hand for traffic and support. As they say, “everything changes”. The time has come for The Silver Sage to change our methods of distributing food for Bandera County. There are currently no distributions scheduled for Mansfield Park. We do anticipate hosting one or two “Mega Distributions” at Mansfield Park in the future. It is imperative that we take the food to the areas of the County which are most in need. Our new method of distributions will be to continue hosting the pop up market at the Lakehills Community Center every second Monday of the month. We will also begin a new pop up market in Lake Medina Shores (Whartons Dock) at the swimming pool every fourth Wednesday. The Silver Sage food pantry is open five days a week for anyone in need of emergency food. The food pantry in Medina is located at the community center and is open on the second Friday every month and can be contacted for emergencies. We will be updating our annual paperwork on every individual, so please be patient. It has been our honor and privilege to serve you in this way, and we look forward to continuing our service to you with our new format.

*Registration will be done on-site*
