ABOUT US

History, present and future

BEGINNINGS

South Florida Tissue Paper Co. was founded in 1997 in Medley, Florida in a 10,000 Sq. Ft. facility, trading new materials for the Tissue and Towel industry. In 1998, South Florida Tissue Paper purchased its first manufacturing line for production of Jumbo roll Tissue products providing quality service to South Florida and its vicinities.

As we experienced the growth of finished products, an expansion took place in 2001 to a 40,000 Sq. Ft. facility, which made it possible to improve the service to our customers. Thanks to our expansion, in 2002, South Florida Tissue Paper added a new line of machinery capable of manufacturing Hard Wound Towels and Center Pull Towels.

In 2004, we purchased a Bathroom Tissue line to add to our portfolio of finished products. From 2004 to 2015, South Florida Tissue experienced a steady growth focusing on the South East region of the United States servicing our customers with our branded products and with private label solution as well.

TODAY

In 2015, South Florida Tissue Paper acquired a 100,000 Sq. Ft. new Facility in Miami Gardens, FL. for expansion in new machinery lines including Multi Fold, Hard Wound and fully palletizing systems for each line.

The new facility, with added equipment, has allowed our company to obtain more business and expand to 48 states in the United States, which has resulted in a considerable growth of our sales. In addition to a new facility, our staff team has increased by 70% in both our administrative and production departments.

TOMORROW

Paper Co. plans to continue a rapid growth and attend the demands and needs of customers nationwide with quality products at affordable prices. Our vision to expand our line of products and location will always play an essential factor in our growth and production of quality products and quality service.

AWARDS AND RECOGNITION

At South Florida Tissue Paper, we ensure to give our customers our best efforts every day to deliver quality products, efficiency in lead times, and consistency in service.

We are honored to be recognized by third parties, such as newspaper articles and magazines related to our industry, which highlight the effort we put out on our daily work to guarantee the best quality in every case we manufacture.

Inc. Magazine Top 5,000

We are honored to be recognized by Inc. Magazine as America's 5,000 fastest growing companies in the United States for three consecutive years:

- In 2016 we had a growth of 65.35% with a #4,195 fastest growing placement on the list.
- In 2017, we had a growth of 114.25% with a #2,467 fastest growing placement on the list.
- In 2018, we had a growth of 86.10% with a #4,058 fastest growing placement on the list.
