

MIGHTY MAUNGA

There are 49 extinct volcanoes dotted across Tāmaki Makaurau (Auckland).

Find out about some of these mighty maunga (mountains) by clicking on the interactive map below.

The top of Maungakiekie is a great spot to view other maunga.

Māori legend tells of Rūaumoko, as being responsible for all violent stirrings beneath the earth. Visit [Twinkl](#) to read more about him or download their excellent resources.

Visit maunga.nz to discover more about the history and restoration of the tūpuna maunga (ancestral mountains) of Tāmaki Makaurau.

[Watch a video](#) to learn about the formation of Tāmaki Makaurau's volcanoes then test your knowledge with this [online quiz](#).

Make your own [model puia \(volcano\)](#). Visit [3DGeography](#) for ideas on how you could model your local maunga.
