To our Prospective Customers,

Thank you for reaching out to Sullivan Interior Finishing! We're a small firm and involve ourselves in a limited number of projects each year. Each project that we take on must fit the strengths and focus of our company in order to best serve our clients. We push for quality craftsmanship, consistent communication, and trust. Please take a few minutes to fill out the following prequalification questionnaire to help us better understand if we would be a good fit for your needs. If it seems like we would mesh well, a representative from the company will meet you at the residence to complete an initial walk through and open up communication to receive a proposal.

Questions:

Tell us a little about the scope of the work that you want completed. In short, what are you looking to hire us to complete?

How much do you plan on investing into the project? A range is fine. It's also alright if you have no idea.

Do you have an ideal start date? Or what is your ideal completion date?

Which is your driving factor when searching for a contractor: Price, Quality or Timing? Please explain.

Do you have any architectural or designer plans already completed? Are you working with anyone?

Have you remodeled a home before? What was the experience like?

How did you hear about Sullivan Interior Finishing and what do you already know about our company?
