Lamine Yamal: Football Fan Book

Written by: Iain Spragg

Younger than Lionel Messi when he broke into the FC Barcelona first team at the age of just 15 and the youngest ever player to lift a major international trophy, eclipsing the 66-year-old milestone set by the late, great Pelé, Lamine Yamal is a football prodigy who is rewriting the beautiful game's record books in a hurry.

The spectacular rise of teenage star began in 2023 when he exploded onto the scene at the Nou Camp, still two months short of his 16th birthday, and by the end of the year Yamal had become Spain's youngest ever player after his goalscoring debut for his country. It was only the beginning of his unbelievable, record-breaking exploits. Only 24 hours after he had turned 17, Yamal was in the Spanish side that beat England in the final of Euro 2024, earning the teenager the first winner's medal of his remarkable career and a place in footballing history.

Lamal is the youngest player to appear for Barcelona's first team since the 15-year-old Armando Sagi in 1922, over a century before.

At the end of UEFA Euro 2024, Yamal was named UEFA EURO 2024 Young Player of the Tournament.

101 Reasons Why I Love Darts

Written by Iain Spragg

The magic of the oche is legendary and with a global audience of millions darts is a sporting juggernaut which always delivers entertainment and drama. Boasting more characters than an episode of Eastenders, the game exploded in the 1980s thanks to Eric Bristow and friends and since the golden days of the Crafty Cockney, darts has been blessed with larger-than-life heroes like Phil Taylor, Michael van Gerwen and lately teenage tyro Luke “The Nuke” Littler.

The first ever World Darts Championship in 1978 was just the start of the sport’s incredible story and despite its proud but humble roots in pubs and clubs up and down the country, darts has now spread its wings from Sunderland, Solihull and Southend as far afield as Singapore, South Korea and Saudi Arabia.

There are countless reasons why everyone on the planet loves the darts and here are 101 of the best – and funniest – of them.

The sport enjoys remarkable popularity; with million dollar sponsorships for its most prestigious events which are broadcast around the world.

The major Darts tournaments are broadcast live on Sky Sports and ITV television in the UK.

Paul Simon: Hearts & Bones
Written by Pete Chrisp

In 1957, two teenage high school friends obsessed with the music of Elvis Presley and the Everly Brothers, formed a doo-wop music duo and released their first record entitled ‘Hey, Schoolgirl’, performing under the name of Tom & Jerry.

Who could anticipate that, within five years, these two, bright, well-educated, young Jewish boys from Queens, New York City, would go on to become the most successful folk-rock duo in music history? Simon & Garfunkel. All largely due to a song entitled ‘The Sound of Silence’.

In this beautifully illustrated, independent publication, music writer and journalist Pete Chrisp explores how – despite his on-off relationship with Art Garfunkel, his often tempestuous private life and the political controversies surrounding his African masterpiece, Graceland – Paul Simon, now aged 82, has, after all these years, maintained world recognition as one of the greatest singer-songwriters of all time.

- Simon & Garfunkel’s final album, Bridge Over Troubled Water (1970), is among the bestselling of all time.**
- His 1975 album ‘Still Crazy after all these Years’ reached No 1 on the Billboard Hot 100.**

The Fashion Icons: Vivienne Westwood
Written by Emilie Murray

This beautifully illustrated book tells the incredible story of Dame Vivienne Westwood a British fashion designer largely responsible for bringing modern punk and new wave fashions into the mainstream.

Traditionalist, provocateur, utterly contemporary: Vivienne Westwood was one of British fashion’s most famous – and most contradictory – designers. The woman who helped create punk clocked up over four decades on the cutting edge, and produced some of modern style’s most recognisable looks. Westwood came to worldwide attention when she made clothes for the boutique that she and Malcolm McLaren ran on King’s Road, which became known as Sex. Their ability to synthesize clothing and music shaped the 1970s UK punk scene, which included McLaren’s band, the Sex Pistols. She viewed punk as a way of “seeing if one could put a spoke in the system”.

Her designs were a key part of the ‘punk era’ of music created in Britain in the 1970s

The Sex Pistols wore many of Vivienne Westwood’s designs

Westwood designed many of the colorful suits and outfits Duran Duran wore during the 1980s and has designed for Princess Eugenie as well as Pharrell Williams and Dua Lipa.

50 Bad Ass Cat Ladies

Illustrated by Emily Skinner
Author: Tilly

No longer derogatory but a compliment, being called 'a cat lady' is now considered to be cool.

Since J.D Vance called Kamala Harris a childless cat lady in 2021, while being interviewed by former Fox News host Tucker Carlson, the coined phrase became viral in 2024 when Donald Trump chose him as his VP in the run-up to the presidential election. It sparked a backlash on the web with women commenting 'Never been more proud to be a childless cat lady!'

To milk it, the Democratic presidential campaign posted a video montage on social media showing several pics of Harris' VP, Tim Waltz's rescue cat Afton, and the "purr-fect" caption, "Cat people for Harris-Walz."

Then followed Taylor Swift's statement post on Instagram to her 283 million fans: 'I will be casting my vote for Kamala Harris and Tim Walz in the 2024 Presidential Election. I'm voting for @kamalaharris because she fights for the rights and causes I believe need a warrior to champion them.' Signed: Taylor Swift, Childless Cat Lady.

This book celebrates the new trend of the proud cat lady by drawing 50 portraits of powerful women with their beloved cats, from the late 19th century until today.

It is the perfect gift for cat lovers, who bond on social media through feline feminism!
