

I have spent my entire life working to improve the lives of others... My 10 years' experience in the Marine Corps- working on and teaching administration procedures while fighting for our country, more recently my career in the quality field working on consolidation and improvement projects, my time spent elected to the Hebron Village Board, and almost 20 years working directly with candidates running for local, state, and federal offices have prepared me to serve in the Office of the Clerk.

I need your vote and support... to allow me the chance to protect your right to vote and keep your vital records safe. I have a proven track record of fighting for all the people I was elected to represent and promise that I will do the same as your County Clerk.
