GFWC VIRGINIA

2ND VICE PRESIDENT – LORI ROCKER
JUNIOR MEMBERSHIP CHARIMAN – AMANDA PAEZ

As we entered our 2018 -2020 administration, members across the Commonwealth were challenged to Step into Membership! We are asking every member to engage more fully in your GFWC membership by enhancing the connections you have to your fellow club members, clubs, Districts, GFWC Virginia, and GFWC. We kicked off the new administration at Summer Conference with a well-attended Step into Membership and Get Connected workshop. Goals for the administration include: increase membership 20% by 2020, one new club per District, and an increase in retention or connection among our members.

During the 2018 club year, 85 Clubs reported in the area of Membership, volunteering 26,757 hours and contributing $77,670 in their efforts across all areas of Membership. On the Recruiting front, clubs are hosting formal membership events, fun nights out, and reaching out to invite community members to join them in their work. Thirty-eight clubs reported an increase in members during the 2018 club year! We received over 150 recruiting coupons. Many of our members are Stepping Up to Membership recruitment. Three Districts engaged in creating new clubs in 2018 and expect to welcome the new clubs in 2019.

On the Retention and connection front, clubs are stepping up to member orientation, sharing news from the levels of GFWC to ensure members understand all that our organization has to offer, and are taking surveys to learn what their members are interested in and where improvements can be made to their club. Clubs are also approaching Renewal by evaluating their Bylaws and requirements for membership and retiring projects that members are no longer enjoying or are no longer viable.

While our overall numbers are down by 116 members, a loss of 2.98%, there are lots of positive steps being taken by our membership. Let’s work each day to Step in to Membership to strengthen our connections and numbers!
Since being installed as GFWC Virginia Secretary and Junior Secretary, we have learned quite a bit. We have recorded the minutes of the 2018 GFWC Virginia Conference, Joint Executive Board, Junior Executive Board, Budget and Finance and Endowment Committee meetings. These positions brought on first awareness and second continuing development of better note taking techniques and better organizational skills.

We welcomed the opportunity to meet with our fellow District Secretaries at officer orientation that was held prior to the 2018 Convention and again at our 2018 GFWC Virginia Conference. Guidelines and Tips were emailed to District Secretaries to share with their respective District Clubs. Articles were submitted to The Virginia Clubwoman magazine and have continued corresponding with our district counterparts.

We are honored to have been given the opportunity to serve our Virginia Federation in our respective positions and look forward to another year of service that includes challenges, learning, fun and true comradery.
