

Dear Federation Friends,

It is an honor and a privilege to serve as the 55th GFWC Virginia President for 2018–2020. Along with the members of GFWC Virginia, this federation will move into the next decade together. The General Executive Committee along with the Junior Executive Committee are here to serve the membership. Connect by reaching out any time. “Step Up” over the next two years to improve local and statewide communities and international initiatives. Search for opportunities to support the Community Service Program and Advancement Areas outlined in the GFWC Club Manual and strive to “Live the Volunteer Spirit.”

A goal for the 2018–2020 GFWC Virginia State Project is to promote awareness of human trafficking and educate communities on prevention. Many centers to support victims of human trafficking are located throughout Virginia. Share in the passion to “Step Up and Stop Human Trafficking.”

The shoe serves as the symbol of the administration and represents an ability to change lives. Membership and Leadership remain important objectives. Explore new avenues of communicating with the members and potential members. Continue to cultivate leaders. Live as though nothing is holding you back and everything is pulling you forward.

In Federation friendship,

Kelly Lane

GFWC Virginia President, 2018–2020
