Food and other essentials

Money is going to be tight: focus on food and other essentials

Get emergency food

If you need help, a food bank can provide an emergency food parcel containing at least three days of meals.

In order to get help from a food bank you'll need to be referred for a food voucher. The voucher is then exchanged at the food bank for a food parcel.

You can get a food voucher from a number of local community organisations, who can ensure you get the right support.

Get Help

Foodbank vouchers

The most important step is to get a foodbank voucher.

In order to provide the most appropriate help we work with local agencies. They will be able to provide you with support to help address the crisis and if needed, they'll issue you with a food bank referral voucher (an e-voucher referral code) so you can get an emergency food parcel from your local foodbank. Agencies we work with include Citizens Advice, Brent Hubs, housing support officers, family wellbeing centres, health visitors, social prescribers, social services, probation officers, as well as local charities and support organisations.

If you cannot afford to buy food you can **visit your normal support service** to request a food bank voucher. They will discuss your circumstances with you, and if appropriate will issue you an electronic voucher code to bring to the foodbank to exchange for an emergency food parcel.

If you have not been referred to Brent Foodbank before, you can visit **Brent Hubs** who are based at libraries across Brent. Their advisors can provide support with benefits, housing, debt etc, as well as issue you a food bank voucher code if appropriate.

For details of their drop-in service, just visit [Brent Hubs](#)

Sufra is a charity in North West London that prevents hunger, fights poverty and builds community.

With the help of our volunteers and partners, we coordinate a network of food banks, kitchens, a community shop and café. These act as a gateway for guests to access more holistic support – including welfare advice, asylum support and our award-winning community garden.

We aim to work with our guests to find solutions to their challenges together, whilst campaigning against the causes of hunger and poverty.

OpenARMs / Asylum seeker, refugee & migrant support

The OpenARMs (Asylum Seekers, Refugee and Migrants) Programme aims to empower guests to become independent and to build a new life in our local community. We work with each guest to develop a Personal Support Plan, which identifies their specific needs, long term challenges and personal resettlement goals. Tailored welfare advice will be provided, as well as signposting and referrals to specialist services. In addition, access to supplementary initiatives, activities and events will be arranged, building on the unique experiences and needs of the local refugee and asylum seeker community.

OpenARMs Programme invites you to

If you would like to use the clothes bank click [Visit the clothes bank](#)

If you would like to refer someone fill out this form [Clothes Bank KC referral form](#)

Who we are

HOW OFTEN CAN I VISIT?

Asylum seekers and new refugees* will be sent a membership pass after their first visit. Members can re-visit on **Mondays** and **Fridays** as required. You need to show your membership pass each time you visit.

Individuals who are referred from the community will be given a specific appointment for their visit.

*new refugees = Individuals who have been granted asylum or humanitarian protection **within the last 12 months.**

BACKPACKS AND SUITCASES

Backpacks and suitcases are always in huge demand. If you need a backpack or suitcase ask us and we can see if one is available. We only give suitcases to people with an eviction notice. If we don't have one try the 'Free Stuff' sites on our [Other Help](#) page.

WHERE IS IT?

The clothes bank is in the lobby of the Kensington Town Hall Car Park exit (Hornton Street side). This is a map link: [Clothes Bank location](#)

The car park lobby is entered by a walkway at the junction of **Hornton Street** and **Phillimore Walk** as indicated by the red arrow on the picture below.

Information for refugees

Once you get permission to stay as a refugee, any help you are receiving from the Home Office will stop after 21 to 28 days from the day you got your refugee status. This means that any help you are getting with housing and money will stop. In some cases, the notice might be even shorter. You should contact Migrant Help if you have been given a very short notice, they might be able to assist with [extending the notice](#).

Once you receive your notice, you will have to leave your current home and find a new place to live on your own. If you have just been granted refugee status, watch [a short video](#) about what to do next and how to find housing. It is available in English, Farsi, and Arabic. You can find the [full list on this webpage](#).

SCREEN SHARE IS THE LEADING DIGITAL INCLUSION CHARITY FOR REFUGEES IN THE UK

THE SITUATION

In modern Britain, everything is digital.

To be properly integrated into society, interact with the state, or enter the world of work, it is now a necessity to have access to a connected digital device and the skills and confidence to use it.

Refugees and people seeking asylum in the UK often don't have either: they are digitally excluded.

Digital exclusion puts the brakes on in any life, but for refugees, the consequences can be far more

Discover your current English level by taking our free online test

Discover your level

Here you can find activities to practise your speaking skills. You can improve your speaking by noticing the language we use in different situations and practising useful phrases.

The self-study lessons in this section are written and organised by English level based on the Common European Framework of Reference for languages (CEFR). There are videos of different conversations at work and interactive exercises that practise the speaking skills you need to get ahead at work and communicate in English. The videos help you practise saying the most useful language and the interactive exercises will help you remember and use the phrases.

Take our free online English test to find out which level to choose. Select your level, from A1 English level (elementary) to B2 English level (upper intermediate), and improve your speaking skills at your own speed, whenever it's convenient for you.
