

Thank you for choosing our handcrafted products! Each item is meticulously made with love and care. To ensure the longevity of your purchase, please follow these care instructions:

For vinyl clothes- We recommend turning them inside out and drying them on low heat to preserve the vinyl design.

Vinyl Dishes (or Vinyl Decals)- Should never soak and should be hand washed gently to maintain their adhesion. If applying the decal yourself, when cleaning, avoid using Windex and opt for rubbing alcohol instead.

Vinyl Stickers- Please ensure the surface is clean

Jewelry- We advise against wearing jewelry in water or to bed. This will help preserve your pieces.

Please remember that each piece is handmade, so slight variations may occur, adding to its unique charm. Thank you for supporting our craft!
