## **2020 Disclosure on Data**

**Due to the Covid-19 Pandemic, the National Federation of State High School Associations (NFHS) did not release 2019-2020 sports participation statistics.**

**We would like to thank the National Wrestling Coaches Association (NWCA) for providing the 2019-2020 data included in this document. This data includes Optimal Performance Calculator (OPC) participation statistics (weight hydration numbers). For states that do not use the OPC, participation statistics were obtained directly from state association offices.**

**Like most youth sports organizations, USA Wrestling memberships were impacted by the national response to the Covid-19 Pandemic. As a result, we have elected to omit 2019-2020 membership data for each state.**

**Thank you for your commitment to girls wrestling and for your continued support of wrestling in our high schools.**

**We wish you the best in navigating this challenging time and hope that you and your loved ones remain safe and healthy.**
