

PAPER COLLARS FOR STRAY/FOUND CATS

When to use a paper collar

If a friendly but unfamiliar cat starts visiting your home, you can use a paper collar to help determine if they have an owner. It's a simple way to reach out to potential guardians before assuming the cat is lost or abandoned—preventing misunderstandings or accidental 'cat-napping.'

How to use a paper collar

1. Print out this template and cut out a collar (for larger cats you might need to use two).
2. Fill in your information and contact details.
3. Tape the collar loosely around the cat's neck (or two collars end-to-end for a larger cat, overlapping if needed), with the writing facing out. Ensure the fitted collar is not too tight; it must allow for two fingers to be placed between the collar and the cat's neck.
4. Release the cat and give a reasonable amount of time (at least two weeks) for the owner to contact you. If you get no response, contact LFPCSA/RSPCA/Cats Protection or your local animal shelter for further instructions.
