## April is Child Abuse Awareness Month

*We are all responsible for the welfare of the children in our communities. You are encouraged to report any incidence of known and suspected child abuse and neglect.*

Children of all ages, races, ethnicities, and socioeconomic backgrounds are at risk for physical abuse. Physical abuse affects both boys and girls across neighborhoods, communities, and countries around the world. Children ages 4-7 and 12-15 are at the greatest risk of being physically abused. Very young children are most susceptible to receiving serious injuries. (The National Child Traumatic Stress Network)

ALASKA STATE LAW DEFINES child abuse or neglect by those responsible for a child's welfare to include the following:

- Physical injury that harms or threatens a child's health or welfare;
- Failure to care for a child, including neglect of the necessary physical (food, shelter, clothing, and medical attention), emotional, mental and social needs;
- Sexual abuse, including molestation or incest;
- Maltreatment - A child has suffered substantial harm as a result of child abuse or neglect due to an act or omission not necessarily committed by the child's parent, custodian or guardian.

In 2012 alone: 1,640 children died in the US from abuse and neglect and 686,000 children were found to be victims of maltreatment by child protective services. For more information call The LeeShore

Center at 283-9479 or the **crisis line at 283-7257.**

## April is also Sexual Assault Awareness Month Your voice. Our future. Prevent sexual violence.

Cheri Smith, the Executive Director, receiving last years proclamation from Paul Ostrander, Chief of Staff.

Learn about Cultural Sensitivity, Abuse Reporting, Domestic Violence Power & Control, Domestic Violence & Substance Abuse and much more.

No one deserves to be sexually assaulted, NO MATTER WHAT! April has been designated as Sexual Assault Awareness Month in the United States. It is never okay to force, pressure or trick someone into having sexual contact. Sexual Assault is a crime. It affects people of all ages, any gender, sexual orientation or ability. According to the National Violence Against Women Survey perpetrators of sexual assault can be friends, acquaintances, family members or strangers. Working together, we can raise awareness and help prevent sexual assault.

- 1 in 6 women and 1 in 33 men will be a victim of sexual assault in their lifetime.
- College age women are 4 times more likely to be sexually assaulted.
- Every 2 minutes, someone is sexually assaulted in the United States.

## Meet Our Board

Meet Marti Slater, she has been on the board since February of 2014. This is actually her second time being on the Board of Directors. She moved here in 2008 from North Carolina to be Reverend of the United Methodist Church in Kenai. She retired in 2011, but still remains active in the church and their food pantry.

Marti Slater

When not volunteering at LeeShore she enjoys reading, cooking (especially trying new recipes), and traveling. Her favorite place so far was Israel, and says, "I left a piece of my heart there". Her other love is her energetic white schnauzer Abby, who keeps her busy.

## Elder Abuse Awareness Day June 15

Currently, the world is undergoing significant demographic changes. Estimates indicate that by 2050, the global population of people above the age of 60 will exceed the number of younger people. These changes have led to a worldwide recognition of the problems and challenges that face the elderly. Research has shown that elderly abuse, neglect, violence, and exploitation is one of the biggest issues facing senior citizens around the world. World Health Organization data suggests that 4 to 6% of elderly suffer from some form of abuse, a large percentage of which goes unreported.

Elder abuse can happen anywhere - at home, in nursing facilities, or other institutions. There are no boundaries of status or background of people affected by elder abuse; both men and women are abused. Risk factors include mental health, dementia, and substance abuse of both the victims and abusers. Isolation can also be a risk factor.

Elder abuse can be defined as "a single, or repeated act, or lack of appropriate action, occurring within any relationship where there is an expectation of trust which causes harm or distress to an older person". There are many forms of elder abuse such as physical, emotional, sexual and financial abuse. It can also be the result of neglect, intentional or unintentional.

If you suspect elder abuse, report it to Adult Protective Services by calling 1-800-478-9996. If you believe the abuse is life threatening, call 911 immediately.

For more information on elder abuse go to the National Center on Elder Abuse at <http://www.ncea.aoa.gov>
