

# Hollen

— INDUSTRIES LTD. —

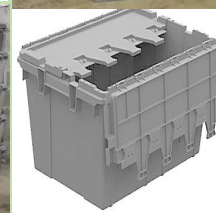

The Akro Mills A664864 Clear Keep Box is by far the strongest and most versatile container in the market. With its clear sides you can be sure to easily keep track of what is stored in each bin. Versatility for the storage of an array of products including the addition of metal rails which easily converts it into a file storage bin. Great for stacking or on shelves this container is your answer for both work and home.

With so many options of containers It is hard to know the differences and what is the best fit for your needs. Hollen deals with an array of bins, containers and storage systems and we know we are an expert in finding the right fit. This month we we are highlighting two of the top choices for both professional and personal use for our feature product. Call today to see how these bins can work for you and receive our special feature product pricing.

The Buckhorn AC21151202 is the number one selling container with attached lid. This multi-tasker is used for distribution, shipping and storage. Available in five colors, it can easily help you to organize with colour coding your products. This product really does the heavy lifting and is truly the backbone of the distribution network.
