

Keep your storage area organized with commercial-grade NSF grey epoxy shelf kits from **Hollen Industries**

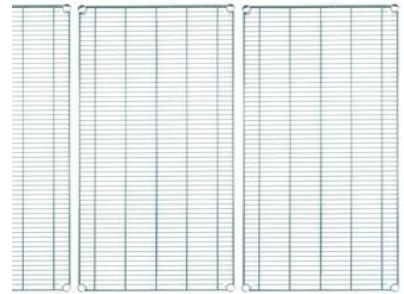

**Grey Epoxy Coating**

For maximum versatility, the grey epoxy coating allows for use in either dry or damp environments, making the unit a commercial-grade, multipurpose investment that's sure to accommodate your ever-evolving needs.

**Wire Shelves**

Each shelf features a wire construction, which allows for proper air flow around the stored supplies, products, or ingredients. Bonus: they're adjustable too! This is especially great for growing businesses that may be continuing to finalize or increase their product offerings.

**Customize to meet your needs**

Add shelving casters and accessories to maximize the efficiency of your space saving units. Add dividers, liners, and clips to keep shelves organized and casters to make the mobile.

|                    |                    |           |          |
|--------------------|--------------------|-----------|----------|
| Grey Epoxy Starter | 72"H X 18"D X 48"W | 4 Shelves | \$289.60 |
