Specialty Bins and Containers

Lid Locking System
Secures lids at eight tamper evident locations on all Caliber IBCs

Reinforced Sidewalls
Embedded steel rods in the sidewalls and corners provide added strength

True 4-Way Entry
A forklift compatible base allows efficient and secure handling from all four sides. Compatible with pallet jacks on 44" side only

Anti-Slip Feet
Each corner foot has an integrated rubber pad to prevent movement during transport

Caliber 315
Top Discharge
BZ48444700

Collapsible
Caliber containers have a nonsequential fold and can be quickly collapsed when empty for space-saving storage. Up to 2.5:1 return ratio.

Tamper Evidence
Tamper evident seals can be placed on the lid and on discharge openings.
Bottom Discharge Styles

All Caliber IBCs feature built-in sloped discharge option that enables fast, unhindered flow for emptying.

BZ484447V0

Gallon Capacity	315gal.
Construction	High pressure injection molded
Material	Polypropylene
Tare Weight with Lids	225 lbs. (315 Model)
Base Style	Feet
Entry	4-way entry for forklifts, 2-way for pallet jacks
Stacking	Lids stack on top of each collapsed box
Fitment Cover	Disposable gland adapters and cap sold separately
RFID	2 per container standard
Lids	Rotating locking handles
Bottom Discharge	Option on each model
Rail Certified	Yes
Operating Temperature	0° F to 140° F / -17° C to 60° C

Secure Stacking & Outdoor Storage
Caliber containers can be securely stacked up to five high when filled – even for long-term, outdoor storage. Base and lids interlock to prevent shifting

Sidewall Locking System Adds Strength
Post-and-pocket corner locking system on the 315 model. Locking systems ensure optimum strength for high pressure filling and rough rail transport.

are compatible with a variety of liner suppliers.

and RFID options. Contact Buckhorn for complete details.

Specialty Bins and Containers

Intrepid™

Corrugated boxes are prone to a variety of problems including leakage, shifting off the pallet during transport, debris and dust, and limited one-time use. Buckhorn's new Intrepid 48" x 40" specialty bulk box solves these problems and more. It is the perfect addition to our extensive offering for the food and distribution markets. It's designed for a variety of industries including liquid, semi-liquid, powder, granular and food applications.

Features and Benefits

- Reusable packaging provides cost savings versus one-time use packaging
- Heavy duty design — up to 2,500lb (40.5 cu. ft) capacity
- 48" x 40" x 46" size equivalent to corrugated combo bins
- Uses include temporary storage, work in process, incoming ingredients, shipments among plants and shipments to customers
- Drop-door provides better access to contents and improves ergonomics when installing a disposable liner
- Injection molded design prevents leakage
- Collapsible panels are attached to the base eliminating shifting during transport
- Constructed of FDA compliant material
- No splinters, nails and dust
- Secure stacking with or without optional lid
- Non-sequential folding panels assemble and collapse in seconds
- Collapsible designs saves space in storage and return
- Offers a 3.3:1 return ratio — up to 240 collapsed containers fit in a 53' trailer
- Easy to repair — no special tools or fasteners required
- Backed by a one-year limited warranty
- 100% recyclable
