Naivasha Nakuru Mara in Kenya

05 DAYS ADVENTURE SAFARI

Day 1: Nairobi- Naivasha (Drive Time 2+ hours)

Pick from JKIA and transfer to Naivasha arriving late morning. After lunch, enjoy a boat ride (optional visit to crescent island)

There is just one “Crescent Island Game Sanctuary”. Located on Lake Naivasha, in the Great Rift Valley, Kenya. It is one of the most beautiful parks in Kenya and is often called Naivasha’s best-kept secret. Surrounded by water, it is actually a peninsula and is currently only accessible by boat from the East or West side.

The shores host abundant birdlife including pelicans, cormorants, and fish-eagles with their haunting cry. There are more animals per acre than any other Kenyan Park, hence many film companies have been to the Island to film the herds of Wildebeest, Waterbuck, Zebra, and Gazelle.

Hippo graze all over us at night then sleep under the acacia or rest in the water by day. Often you can see three generations of Giraffe at a time, all of whom have been born on the Island. And if you're lucky you may see one of the beautiful Pythons who live here.

From the top of the hill, there is a 360-degree view across the Lake from Longonot to Hell’s Gate to the Mau Escarpment to Eburu and onto the Aberdares. Walking along the ridge in the golden hour before sunset whilst watching the animals grazing with the water shimmering beyond, is what Africa is all about.

Dinner and overnight at lodge.

Meal plan: Breakfast, Lunch & Dinner

Day 2: Lake Naivasha - Lake Nakuru Drive time 2+ hours

Depart your lodge after breakfast for Lake Nakuru National Park. Arrive in Lake Nakuru National Park and proceed directly on a game-drive.

Enjoy hot lunch at the lodge. After lunch proceed on another game drive. Lake Nakuru bird life is world-renowned and offers over 400 species of both aquatic and terrestrial bird.

Lake Nakuru animals include: Black and White Rhino, buffalo, leopard, lion, Rothschild’s giraffe, White and Black Colobus monkey, eland, steenbok, impala, Chandlers Reed buck, dik dik, rock hyrax, klipspringer, hippo and clawless otter.

Return back to our accommodation for dinner & overnight.

Meal Plan: Breakfast Lunch & Dinner

Day 3: Lake Nakuru – Drive to Maasai Mara Game Reserve Drive time 5+ hours

This morning we depart the hotel after breakfast and drive through the dramatic Great Rift Valley to the Maasai Mara Game Reserve.

This enormous reserve is actually part of the vast Serengeti plains famously known for its spectacular great wildebeest's migration and is home of the Big Five: Lion, Elephant, Leopard, Buffalo and Rhino.

Lunch at our Lodge and relax before departing for the afternoon game drive. The Mara Game Reserve is one of the greatest wildernesses of the world. Large mammals are varied, and easy to see.

Residents among the Park's are: Maasai Giraffe, Buffalo, Eland and thousand of plain game including Impala, Zebra, Topi, both Thomson's and grants Gazelles. Return to the camp for dinner and overnight.

Masai Mara Game Reserve

The Maasai Mara (also known as the Masai Mara, and locally simply as The Mara) is a large game reserve in Narok County, Kenya, contiguous with the Serengeti National Park in Tanzania. It is named in honour of the Maasai people (the ancestral inhabitants of the area) and their description of the area when looked at from afar: "Mara" means "spotted" in the local Maasai language of Maa, due to the many trees which dot the landscape. It is world-renowned for its exceptional populations of lions, leopards, cheetahs and elephant, and the annual migration of wildebeest, zebra, Thomson's gazelle and other antelope, to and from the Serengeti every year known as the Great Migration. The Masai Mara "Big Five" are the Lion, Elephant, Buffalo, Leopard and Rhino.

A

The Greater Mara Ecosystem encompasses areas known as the Maasai Mara National Reserve, the Mara Triangle, and several Maasai Conservancies, including: Koiyaki, Lemek, Ol Chorro Oirovua, Olkinyei, Siana, Maji Moto, Naikara, Ol Derkesi, Kerinkani, Oloirien, and Kimintet.

Masai Mara Wildebeest Migration

Every year, around 1.5 million wildebeest; 350,000 Thomson's gazelle; 200,000 zebra; and thousands of eland and other ungulates (hoofed animals) participate in 'the greatest show on Earth', The Great Wildebeest Migration when the grassy plains of the southernmost Serengeti begin to dry out and the ever-moving columns of wildebeest follow an age-old route in search of grazing and water that takes them across the plains of the Masai Mara in Kenya from between Mid June and Early September (however the dry seasons may change due to global warming)

The three groups of migrant grazers take advantage of different heights of grass, which means they stick to their own kind with only a small overlap in their distributions. The grasses of the plains have the highest protein content in the whole of the Serengeti, as well as being high in calcium.

It is unclear how the wildebeest know which way to go, but it is generally believed that their journey is dictated primarily by their response to the weather; they follow the rains and the growth of new grass. While there is no scientific proof of it, some experts believe that the animals react to lightning and thunderstorms in the distance. It has even been suggested that wildebeest can locate rain more than 50km away.

Meal Plan: Breakfast, Lunch & Dinner

Day 4: Maasai Mara

Early morning breakfast and depart the lodge with your packed lunch boxes for a full day game viewing across the rich tree studded grassland and rolling hills. At lunchtime, our guide will pick a scenic (and safe) spot where you will enjoy your lunch and hear animals howling, birds chirping and the mighty Mara River flowing across the savannah bringing life to the park. After watching more of the spectacle that never gets dull, transfer back to your lodge. Dinner and overnight stay in Masai Mara

Note*

On this day clients can choose to have AM & PM game drives this needs to be organized with our driver guide the day before

Meal plan: Breakfast, Lunch & Dinner

Day 5: Maasai Mara-Nairobi (Drive time 5+ hours)

After breakfast today, proceed to Nairobi arriving in the late afternoon.
Drop off to JKIA for your night flight home.

Meal plan: Breakfast

TOUR ENDS.
