FRONT RANGE LEAGUE WELCOMES EL PASO COUNTY BASEBALL MIRACLES

FOR IMMEDIATE RELEASE

GERING, NE – The Front Range League is proud to announce the league’s eighth team, the El Paso County Baseball Miracles. The Miracles will play home games at UC Health Stadium in Colorado Springs, Colorado, home of the Rocky Mountain Vibes. They will join the FRL for its inaugural season this summer.

The Miracles ownership consists of a group of local baseball coaches and administrators who founded El Paso County Baseball, a local baseball organization offering youth and high school programs. EPCB was established in 2023 and has added youth and high school teams in 2024. The Miracles are the latest addition with the team playing at the collegiate-age level.

“The Colorado Springs market fits perfectly into our travel footprint, has a great ballpark and a large population of baseball fans,” FRL President Chuck Heeman said. “Kent Gregory from our Boulder team reached out to the group, and things came together very quickly after that. El Paso County Baseball sees the Miracles and FRL as a step in the progression of their players and the FRL fits their vision well. We are proud to work with them and can’t wait to get started in May.”

The Miracles begin their inaugural season May 30 at Greeley and open their home season June 10 with a three-game series hosting the Western Nebraska Pioneers. Over the next few weeks the Miracles will unveil their website, logo and uniforms, Head Coach, and player signings as well as game night promotions and more.

Updates on the Miracles can be found on their Facebook page, El Paso County Baseball, and their Instagram account at [#el_paso_county_baseball](#). Updates on the Front Range League can be found at www.frontrangeleague.com, [#frontrangeleague](#) on Instagram and [@FrontRangeBBall](#) on X.
