

YOUTH ANNUAL REPORT FOR 2018

Small Voices of Grace

Small Voices of Grace is made up of over 30 members and range from ages 3-10. We have had a lot of new members this year and some new families as well. This group has been energetic and excited since day one! We have performed every third Sunday since September in church. The group has performed at The Quota Carol Festival, and brightened up the day of the residents at Hill Top Manor right before Christmas. Whenever Small Voices hits the stage, there are smiles on everyone's faces. They brighten up the room wherever they go and are a HUGE part of the church family!

Spirit of Grace

Spirit of Grace has had a very, very busy start to the year. The 11 girls in this group have done 2 church services this year and sang at The Quota Carol Festival. A major highlight to the year was putting on the musical "Annie". The girls put in so many extra hours of practice to become perfect orphans! They hit the stage with sass, smiles and energy every night. They wowed the entire community of Weyburn with their singing and acting. Every single girl took their character and light up the stage. They got to know a lot of other members of the community through the musical. The girls are looking forward to their next performance. They will be performing some songs at the Weyburn & District Music Festival in March. The sky is the limit for these performers, I can't wait to see what they do with all of their talent!

A huge shout out goes to Colleen Weimer who graciously coordinates many of the songs and activities with me. She is truly amazing and these groups would not be possible without her. Thank you to all of the parents and grandparents for helping out whenever and wherever needed. These groups are possible because of all of the support given by you and by all the members of Grace United Church!
