

ROYAL-GROW®

Micro Pack

Essential to plant nutrition for the prevention and treatment of micronutrient deficiency.

Mix well before using

Micro Pack is a specially formulated, proprietary liquid foliar fertilizer that combines the benefits of nitrogen and potassium with vital micronutrients - manganese, zinc and boron. It delivers these macro and micronutrients in an effective, readily available form to increase plant health, growth and yields when nutrient demands are at their highest.

Application Rate: 16 ounces per acre. For more information, please consult the Royal-Grow website or a representative at 1-888-292-5760, or send an e-mail to info@royal-grow.com.
