

WHO WE ARE

With over 35 years of experience, Atlantic Hydro SE LLC is a consulting firm established by civil engineers who have led projects throughout Latin America, the Caribbean, and South Florida.

AREAS OF EXPERTISE:

Drinking water & irrigation

Sewer & stormwater management

Hydraulic digitalization & 3D mapping

Sustainable and innovative engineering

SERVICES OVERVIEW

OUR SERVICES

- ♦ Strategic Planning - Master planning, feasibility studies, GIS & hydraulic modelling.
- ♦ Infrastructure Diagnosis & Risk Management - Condition assessments, vulnerability analysis, climate risk scenarios.
- ♦ Operational & Technological Optimization - Non-revenue water reduction, zoning, metering, pressure management, cost models.
- ♦ Water Treatment & Restoration - Biotech for wastewater, septic systems, odor & sludge control, water purification.

OUR STRENGTHS

We design hydraulic solutions with technology and innovation that flow towards a sustainable future.

- ♦ 30+ years of proven experience
- ♦ Advanced CAD, GIS & modeling expertise
- ♦ Sustainable innovation in water treatment
- ♦ Regional adaptability & climate resilience focus
- ♦ Coverage: South Florida, Latin America & Caribbean
