WINDOVER FARMS OF MELBOURNE

FENCING FOR INDIVIDUAL RESIDENCES

GENERAL

It was the desire of the original developer to have a community with large lots and wide open spaces. We urge that any property owner applying to add a fence will seriously reconsider and use landscaping instead. If you still desire to add a fence to your property, the following Windover Farms guidelines will be followed:

APPROVED STYLES OF FENCING

Split rail Fence (both two or three rail)
 Shadowbox Fence
 Board on Board Fence
 Farm Style Fence
 Ranch Style Fence
 Picket Fence

APPROVED MATERIALS OF FENCING

Wood
 Vinyl
 Aluminum

Please select the Style of Fencing you are intending to use:

Please select the Material: _____

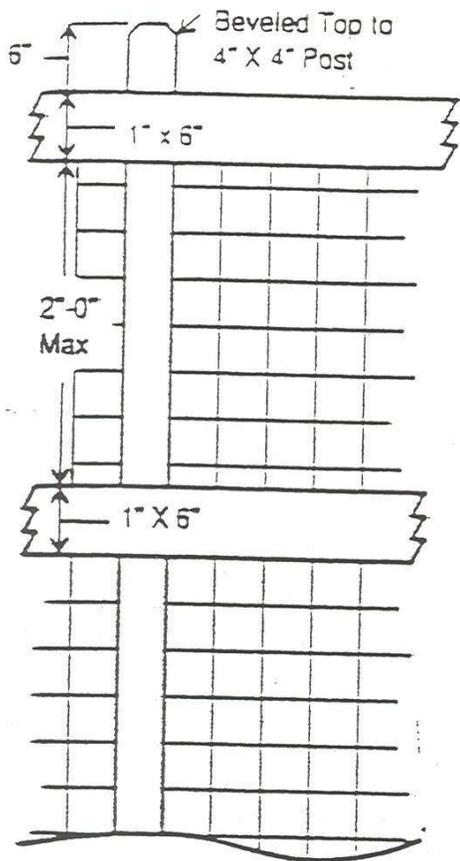

Individual specifications and requirements are included in this package for the above listed styles of fencing. The style that is chosen must suit the elevation of the house.

Specific rules and regulations:

1. **ALL fencing, new or replacement, must be approved by the ARC.** Approval by the committee will require a completed application for the requested fencing.
2. Fencing may be landscaped on the exterior side of the fence. A plan must be submitted with the fence application for approval by the ARC.
3. Fencing is preferred to be of as low a height as possible to help maintain the open feeling that exists in Windover Farms. No fencing will exceed a maximum height of six feet.
4. No fencing will be permitted in the front of the residence. It is required that all fencing starts at, and remains in, the back yard area of the residence. (see ARC for variance)
5. All gate styles must match the style of the fence and its location must be approved by the Arc.
6. No chain link fence will be permitted that are visible from the road.
7. The removal of any existing trees for the installation of the fence must be properly applied for and approved by the ARC.
8. Any and all approved wire mesh (Farm, Ranch Styles and Split Rail) must be on the interior of the fence.
9. All support posts for the fence must be on the interior of the fence.
10. Landscaping of fence is encouraged but not required.
11. Fences may be left natural in color, stained the dark brown of the Windover Farms exterior fence (mailboxes). Any dark stain to match the residence must be approved by the ARC.
12. The fence and landscaping will be maintained in good order by the fence owner. Fences must be maintained both physically and cosmetically to the same standard of the house.

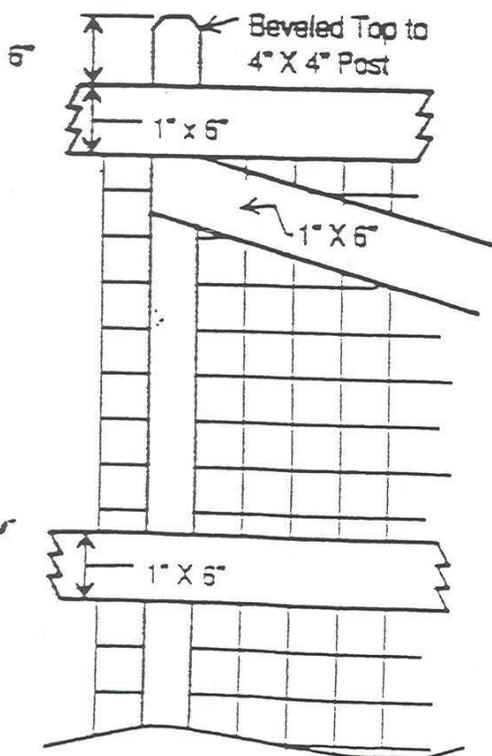

13. Replacement of existing fences shall be treated as a new fence. Existing fences which have received previous approval are hereby extended “grandfather” status and may remain in place until replaced in accordance with the then current recorded Declaration or with terms of any particular written agreement between WFMHOA and an individual member.
14. Partial replacement of any section of an existing fence, defined as not more than 50% of the original linear length of the fence, must conform to the Criteria which applied to the original fence at the time of installation. If more than 50% of the linear length of the fence requires replacement, it (the entire fence) shall be treated as a new fence.
15. No fencing will be permitted that infringes upon or hinders the functioning of swales, greenways or other drainage systems. No fence may block approved accesses to lakes or drainage ponds.

Windover Farms of Melbourne

Farm Style Fence

1. Measurements as shown are required.
2. The Farm Style Fence may or may not have wire mesh. If wire mesh is used, it must be on the interior side of the fence.
3. The Post top must be beveled.
4. The Fence may be stained to match any dark stain on house (must be approved by ARC), stained Windover Farms exterior fence color, or left natural.
5. It is highly recommended that the fence be landscaped to help hide it.
6. Any gate must match the style of the fence and approved by the ARC.

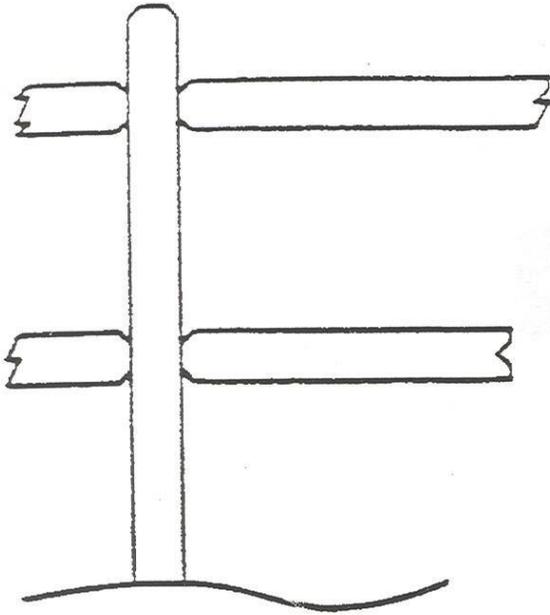

Ranch Style Fence

The same rules that apply to a Farm Style Fence listed above apply to a Ranch Style Fence with the following additions:

1. The Ranch Style Fence may or may not have wire mesh. If wire mesh is used, it must be on the interior side of the fence.

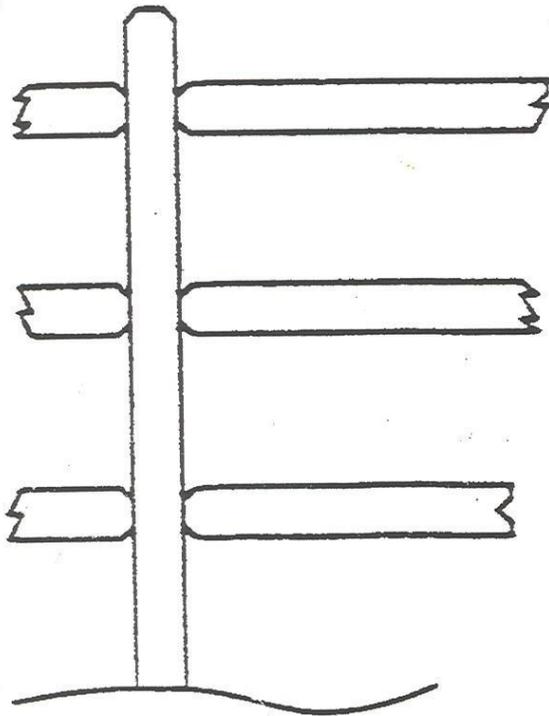

Windover Farms of Melbourne

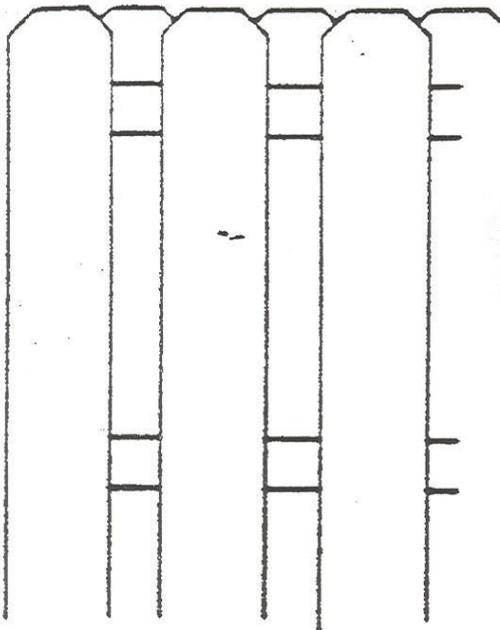

SPLIT

Rail Style Fence

1. Fence may be stained to match any dark stain on house (must be approved by ARC), stained Windover Farms exterior fence color, or left natural.
2. It is highly recommended that the fence be landscaped to help hide it.
3. Any gate must match the style of the fence and approved by ARC.
4. The Fence may be a two or three rail fence.
5. Post top must be beveled.
6. The maximum height for this style of fence should be four feet, but a shorter fence is desired.

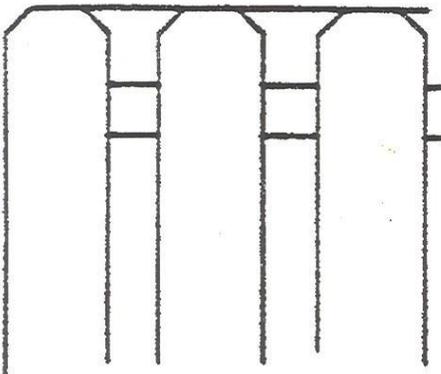

Windover Farms of Melbourne

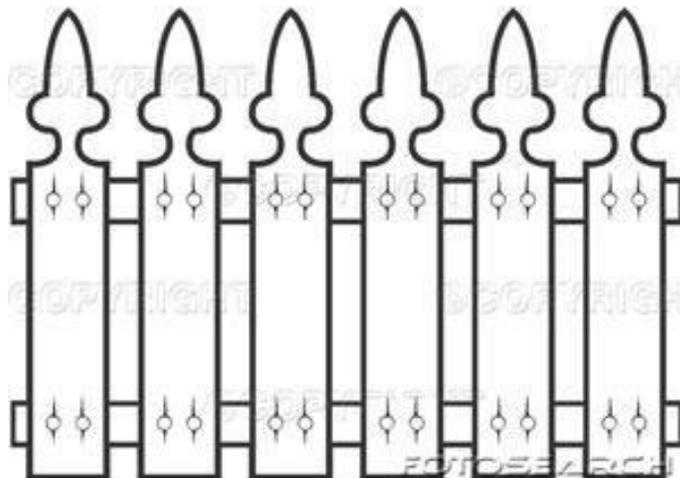

Shadowbox Style Fence

1. Fence may be stained to match any dark stain on house (must be approved by the ARC), stained Windover Farms exterior fence color, or left natural.
2. It is highly recommended that the fence be landscaped to help hide it.
3. Any gate must match the style of the fence and be approved by the ARC.
4. The maximum height allowed is six feet. It is highly recommended that a lower height of four or five feet be used, as it would enhance the open feeling desired by Windover Farms.

Board on Board

The same rules that apply to a Shadowbox Style Fence listed above apply to a Board on Board Style Fence.

Picket Style Fence
