	Reports/Updates
	Call to order: Vicky motioned to begin, Anndrea seconded. Motion passed. Garden – Maybe pay someone to put it to bed for winter. Maya recommended a landscaper. Will talk to him, show him the garden, get an estimate etc. GGB Board – Aariah was contacted, but it seems they want pay. It was offered for them to come to learn, but we are not interested in being observed and paying to join. AALF: African American Leadership Forum, BC reached out wondering why we are not present at Northpoint. AALF is concerned about the policy knowledge or Rep Warren. There are Weds meetings at Northpoint where community leaders are supposed to be engaged with policy. At next meeting, BC will ask PearlI why Anndrea (HPNA) is not present. HP housing news: the city money will only help those who still lived here in July. Doesn't seem the City is giving PearlI the right information or full support. Bobby Jo Champion blocked the \$5 mill from the state. Question is still: what is the City doing – they are responsible? How to handle the watery base of HP, needs to be added to new policy of any

	developer. There have been decades of problems. Removing the residents and bringing them back is another policy needs to be added. Jamelle Ford wants to meet with the community to develop the area. Flyer - reclaim the vote flyer – Anndrea, door hangars, Maya will distribute. Vicky will meet with Patrick at USBank, change name ownership of the account. Oct 29, 4-7, Housing Fair at Sumner Library. Anndrea created a new newsletter, and is entering all of the sign in sheets. Vicky sends the news to her townhome owners, and to the Master’s Assoc who will forward it on. Vicky moved to adjourn, Anndrea seconded. Motion passed.
