## ABOUT MICHAEL

Michael specializes in editing transformational books. She has edited over ninety manuscripts (books, textbooks, and seminar materials); has coached authors of numerous spiritual, self-awareness, and wellness books; and has written a metaphysical novel and an award-winning YA adventure screenplay.

She holds a master's degree from the U.B.C. Department of Classical, Near Eastern and Religious Studies. She focused her graduate work on the history of spiritual ideas in antiquity and the trajectory of the esoteric philosophies of the ancient Greek and Roman worlds to the New Thought movement of modern times.

Michael also holds two graduate degrees in metaphysical science: She wrote a master's thesis on Theosophy and a dissertation on Near-Death experience and ancient theurgy. She is an evidential medium and has earned several mind-body- spirit wellness certificates.

Are you seeking a great editor or a book doctor who speaks the language of spirit and is well-versed in metaphysical topics? Michael Ireland is the editor for you!
