

**2020
Grizzly Ranch Community Free Chipping Program**

This is an opportunity for those that have been notified that their lot is in need of work of hazardous fuel reduction to take advantage of curbside chipping at a reasonable rate. Funding is drawing down and this program may not be renewed so we urge you to act now.

The Good News! Again, this year the Grizzly Ranch Firewise Committee is able to offer curbside chipping at little or no cost to Association Members. This service is available to all Grizzly Ranch property owners. For the sake of safety from wildfire, we all are dependent on each other to manage and reduce the fire fuel loads on Grizzly Ranch properties. In addition, the hazardous fuels on your property can affect the insurability of neighboring residences. Remember, burning of yard debris or pile burning is not allowed in Grizzly Ranch.

The **FREE** chipping service is for up to 16 linear feet of material that is no more than 12 feet deep and 4 feet high and **does not include pine cones and pine needles**. Any material in excess will be charged to the landowner at a subsidized rate of \$100/hour.

Chipping within the Grizzly Ranch community is scheduled for July 6th and September 21st. Piles can be put out along the roadside earlier than the scheduled chipping dates. For complete information on the program click on the following link. <https://www.plumasfiresafe.org/chipping.html>

In order to better coordinate the chipping program within the Grizzly Ranch community we are asking all participants to submit the chipping applications to the Grizzly Ranch Firewise Committee rather than as directed in the above link. An application form is attached. Applications must be submitted by June 22nd for the July chipping and by September 7th for the September chipping. If you are submitting your application by email send it to grizzlyranchfirewise@gmail.com. If by regular mail you can send it to PCFC C/O Jim Miller, 66 Blacktail Ridge, Portola CA 96122

QUESTIONS: If you have questions on what needs to be done on your property and how to get started, please contact one of the Grizzly Ranch Firewise representatives below to schedule a free hazardous fuel consultation.

Jim Miller at (530) 832-4020
John Reynolds at 530-832-4074
