Big Dreams Take Big Plans

Big floor plans offer clear advantages for both the builder and the homebuyer, bridging the gap between “*what if*” and “*what is*.”

- ✓ Clear vision. Allows homebuyer to walk through a life size floor plan providing a clear vision and improved buy-in for the potential of the future home.
- ✓ Improved relationships. Big floor plans ensure the builder and homebuyer are on the same page, resulting in improved customer satisfaction.
- ✓ Completely customizable. Able to place furniture, flooring, counter tops, vehicles, landscaping, patios and any other applications to scale to ensure proper layout.
- ✓ Reduced cost. Improves efficiency and decreases costly change orders by highlighting changes to be made prior to construction.
- ✓ Quick production and convenient shipping to anywhere in the country.
- ✓ Easy installation. Requires two people about 20 minutes to install from start to finish.
- ✓ Durable material including options for mesh to allow water drainage.
