Greetings!

Welcome to The Virginia Assembly! We hope this message from our **New Inquiry and Outreach Committee** provides both guidance and an introduction. We welcome you to your American state national family!

Declaring yourself as a Virginian (and state national) with the 1779 document, will **return you to the Land and soil**, the proper jurisdictions for all Living men, women, sons, and daughters.

To begin your return home, templates and video guidance are readily available on our **website**. The process to Record your intention to claim your American standing (the 1779) may be found on the **Initial Steps tab**. <https://thevirginiaassembly.land/initial-steps-and-1779>

For all documents, meetings, events and other information arising from and concerning The Virginia Assembly, please visit our website.

How to Record your Documents

First Step: Create an account on the **The American States Assembly Land Recording Office (LRO)** by selecting the banner “NonMember” “Create Your Member Account“. Follow the prompts to establish your account. <https://members.americanstatenationals.us/>

Three ways to prepare and Record your documents:

1. Do it yourself with **fillable forms on TASA**, then use a public notary and Virginia Recording Secretary
<https://tasa.americanstatenationals.org/correct-your-status/#onepage> and <https://tasa.americanstatenationals.org/chart-your-course/>
2. Use **The Global Family Group, International Lawful Land & Soil, Recording and Publishing System for the World**. This also provides the option and benefit of setting up an account with the Global Family Bilateral Banking and Prosperity system at the same time, which is recommended for all Americans. Our Recording Secretaries will also be informed of your new status as a virginian.

3. Use **Status Select** to prepare your documents **for a fee** and forward them to you, **Status Select is not directly associated with The Virginia Assembly**, but your completed paperwork will be forwarded to Virginia and then you will follow up with one of our Recording Secretaries to complete the process of recording on the LRO. Please have your documents prepared **using a State of State notary box** rather than a Recording Secretary notary box! Our Recording Secretaries will Record (not notarize) them. <http://mystatusselect.com/>

For those that desire to complete the initial paperwork process (1779 Documents and others) with one of our Recording Secretaries on Virginia, please review the document titled **“Land Recorder’s Page”** to find the guiding words of Shirley Bryant, and/or find guidance with Holly’s **Recording Process** document. You may choose to Record with any of our Recording Secretaries. Please do your utmost to have your documents in proper Recording form before submitting them to our Recording Secretaries. All documents are found here: <https://thevirginiaassembly.land/initial-steps-and-1779>

Please be patient with anyone assisting you as we are all volunteers and juggle many hats and full lives.

The Assembly acknowledges that each of you finds yourself on our doorstep from an individual and unique path and with variable levels of available time for research and study. We are building our website to be an evolving educational tool and additional resources for education are available here:

As always, Self-Governance requires that you research before you act and discern your own path. The way home to the Land and soil is not the same for each man or woman as we are each unique and arrive under different circumstance. We can no longer concede

our choices to an external voice or pressure and must seek our Guidance from within. **The Virginia Assembly is here to share knowledge and support; no one can “do it for” you. We are grateful to have your interest in reinvigorating the Land and soil with the love, energy, and the vitality of “the people” and we wish you Godspeed on this incredible journey.**

Do you have additional interest in the workings and mission of The Virginia Assembly?

Please be with me for a few more paragraphs. Our goal is to facilitate your **return to the land and soil and encourage you to regain (or continue) mastery of the trajectory of your Life, employ Self-Governance and ultimately find greater ease and joy in living.** We are working closely with the Fifty (50) State Assemblies and The Federation of States to educate and inform others and to build and populate the missing aspects of the American Governance Structure to include the Lawful Courts for the people on Virginia.

You may always **attend a General Assembly meeting** on alternate Tuesdays at 7:00 p.m. to observe the proceedings of The Virginia Assembly. Our system of Self-Governance is based on a committee structure. **New energy and expertise are always welcome in our Committees.** All **Committee and Assembly meetings are listed here:**
<https://thevirginiaassembly.org/public-square>.

Please review our “*Procedures for Order in Assembly*”, found on our website, for meeting protocols and information.

There is generally **time for Q&A immediately following our General Assembly meetings** for visitors and newly declared state nationals. We would be honored and delighted to have you attend a meeting and perhaps you may feel inclined to share your unique perspective and expertise in support of our endeavors. You will find laughter and camaraderie (and at times heated debate) as we act in Unity as we learn and become the Self-Governing Body on Virginia.

We acknowledge that the massive task of educating ourselves can feel daunting in the beginning. We recommend, at your own pace and leisure, to spend some time with the

documents for the 928 and others and consider what it is that you are autographing when you choose to Record them. Let the natural process of being guided to what may best serve your Life flow freely and pay attention to what is before you. **Be assured that what is in line with your path and your desire and intent for Love, Free Will and Self-Determination will come to pass if, like we do, you keep putting one foot in front of the other. Know that what it is you are standing for and putting your energy toward is for Good, and then do it wholeheartedly and without fear.**

We appreciate your time and interest. Please feel free to call or text at any reasonable hour, in addition to email. However, send an introductory text first so that we will answer to an unknown number when you call.

May Peace and Freedom Be!

In Gratitude,

Stacie
